CAPTURE OF LUBLIN IS ANNOUNCED

Russian Grip Broken Along Important Railway Line in Southern Poland

INVADERS CUT OFF ONE LINE OF RUSSIAN RETREAT

CAVALRY ENTERS CITY

While Von Buelow continues his drive toward Vilna seeking to cut off the Northern Railway from Warsaw to Petrograd—Grand Duke Nicholas Pinched in Triangle.

(Associated Press Telegram) London, July 31.—Austro-German cavalry have entered Lublin. Official announcement to this effect from Vienna supplementing German claims of last night that the Russian grip along this southern front had been broken, indicated that the important Lublin-Chelm railway is now strongly held by the invaders, cutting off one line of retreat for the Russian forces in Southern Poland.

Meanwhile, General von Buelow continues his drive toward Vilna, seeking to cut the northern railway from Warsaw to Petrograd, and the predicament of the Russian armies seeking to withdraw intact from Warsaw, unless the main forces already are already around this district, becomes more perilous.

Warsaw's 500,000 inhabitants, laden with such household articles of food as they can carry, are fleeing the city toward the east, and every dispatch from Russia makes guarded reference, though quite colorless, to some phases of the evacuation of the city.

Official announcement of its abandonment, which even now may be a fact, has not been forthcoming, however, although the slender hope of the entente allied countries that the Germans might be held on the threshold is dissipated and military writers are continuing themselves to debating Grand Duke Nicholas' chances of extricating his armies from a hard pinched triangle without disaster.

Besides the capture of Lublin and the seizure of the railway the German forces have crossed the Vistula river between Warsaw and Ivangorod and the problem for the Russians to hold their wings north and south of Warsaw while the center retreats, grows more acute.

It was argued that the conduct of this retreat without great loss would entail the necessity of the Lublin-Chelm front holding firm. Now that it is broken, quick action on the part of the Russians becomes imperative, as also does the stemming of the increasing German forces driving from Kovno and Smolensk toward Vilna, the capture of which would cause the northern line to retreat.

With these developments Great Britain is greatly concerned. Some sections of the newspapers are seizing the opportunity to emphasize Russia's task, and press for conscription here as best proof to give Russia that the western allies' purpose to stand by her in exerting all the pressure possible in the West.

The Russian press, according to special dispatches reaching London, feel that the western allies should have initiated some movement in France or in Belgium to relieve the strain on Russia, as Russia did by her invasion of East Prussia.

With events shaped as they now are, it is realized here that Russia has lost the initiative for the remainder of the summer, which will enable the central powers to strike hard at either France, Belgium, Serbia or Italy.

By the occupation of Lublin, 95 miles southeast of Warsaw, the Austrians have cut the Russians all important means of communication connecting the whole southern Russian front between the Vistula and the Bug rivers. The Russians have battled desperately to prevent the Teutonic allies from gaining possession of the Ivangorod-Lublin-Chelm railroad, which for some distance parallels the Vistula river.

The Russians rushed to this front new reserves and veteran troops, whose ranks had been recruited to full strength. These forces fought valiantly to retard the progress of the Austrians and administered serious checks to the Austro-German forces, although exposed to a merciless artillery fire. Field Marshal von Mackensen has been successful at last, however, in forcing an advance. Until a few days ago the allies considered the Russians' defense of the Lublin-Chelm railroad one of the hopeful features of the campaign in the East.

Control of the Lublin-Chelm railroad will afford the Austro-Germans a means of quickly massing troops at any point desired and will deprive the Russians of one of their main avenues of retreat.

COMPENSATION LAW MENACED BY A RULING

OF INSURANCE SUPT. TAGGART IS VIEW OF W. D. YAPLE.

Private Companies Insuring Employers Allowed to Compete With State His Decision.

Columbus, O., July 31.—The ruling of Insurance Superintendent Taggart that insurance companies may write liability insurance in competition with the state industrial commission's workmen's compensation system, was criticized vigorously today by Wallace D. Yaple, Chairman of the Industrial Commission. He interpreted the ruling as giving insurance companies authority to compete freely and openly with the state industrial accident fund.

Superintendent Taggart gave the insurance companies even more authority than they asked, in the opinion of Chairman Yaple, by allowing them to contract to indemnify employers for payments made as a result of willful acts of negligence, or for so-called "open liability." Yaple said this authority, if utilized, would be a violation of the workmen's compensation law.

"I have never felt that there was any question about this class of business being excluded by the workmen's compensation act," said Chairman Yaple, "and with all due respect to the commissioner of insurance, I feel that he has misinterpreted the workmen's compensation act and the insurance laws in this particular."

"The construction is most unfortunate from the viewpoint of those who believe in the plan of state insurance and who further believe that the present workmen's compensation act is in effect a compulsory measure. The necessary result will be that the self insurance provisions of the present act must be eliminated or free and open competition between the state fund and insurance companies will follow."

STABILITY

OF EASTLAND TO BE SUBJECT OF FEDERAL GRAND JURY'S INQUIRY.

Together With Question of Whether the Ship's "Cranksiness" Was Known to Owners.

(Associated Press Telegram) Chicago, July 31.—The federal grand jury which is investigating the capsizing of the steamship Eastland in the Chicago river last Saturday, with the loss of hundreds of lives sought evidence relating to the stability of the vessel when it convened today. One of the first witnesses called before the jury was S. G. Jenks, of Port Huron, Mich., member of the firm which constructed the vessel.

Before the day is over, United States District Attorney Charles F. Clyne is expected to present evidence showing the history of the boat and its reported previous "cranky" performances and the knowledge owners of the ship had of this. Mr. Clyne announced that methods of the steamboat inspection service would be gone into independently of any other investigation.

Mr. Clyne announced that seizure of the Eastland by federal authorities will not prevent state or municipal authorities from going on the boat on lawful business of investigation, but no one will be allowed to tamper with the mechanism.

Examination of federal inspectors was continued by Secretary Redfield's board.

AMERICAN ADMIRAL IN CHARGE AT HAITI.

President Vilbrun Guillaume, Shot to Death

The government of Hayti, has blown up again with the result that the President has been lynched after annex-president had been killed on his order. President Guillaume, just before his enemies became all powerful, ordered 160 prisoners killed. Among them was Oreste Zamor, the former president.

Relatives of the prisoners, and partisans of Zamor took possession of Port au Prince drove the president.

Reinforcements Sent To Admiral Caperton Now at Port Au Prince

(Associated Press Telegram) Washington, July 31.—Reports today from the American Legation in Port au Prince, Haiti, says the city is quiet and that the disarming of the natives is going on. They recommend that a larger naval force be sent to the island for the moral effect and to assist in patrol duty.

When the Haitians resisted the landing of Rear Admiral Caperton's blue jackets and marines Thursday, six of the natives were killed and two more wounded in the fighting. Admiral Caperton made this report today and forecast further revolutionary disturbances on the island.

(Associated Press Telegram) Philadelphia, July 31.—The battleship Connecticut, with nearly 500 marines on board, sailed from the Philadelphia navy yard today for Port au Prince, Haiti, where the sea soldiers will reinforce those already on duty there.

As the Connecticut drew away from their dock, the sailors and marines on board the battleship Minnesota and the cruisers Brooklyn lined the rails and the bands played "The Star Spangled Banner."

The marines and blue jackets on the Connecticut, eager to get away to see active service, cheered in return for the parting salute given them by the men who remained at home.

The marines, many of whom saw service at Vera Cruz, during the American occupation of the Mexican city last year, are commanded by Colonel E. K. Cole, of the United States Marine Corps. Captain E. H. Durrell is in command of the battleship which is expected to reach Port au Prince in four or five days. Equipment placed aboard the vessel last night included everything a landing force would require. One of the new features is a sectional kitchen, particularly adapted for use in tropical lands. Each section is eight feet high and five feet wide and it can be erected in a few minutes. Twenty-four automatic machine guns and the usual complement of three-inch field pieces were taken along.

Although it was reported from Washington that the navy transport Hancock, now being overhauled at the local yards, also would go to Haiti, officials at the navy yard stated that the transport was in no condition for an ocean voyage. It was stated, however, that the first regiment of 750 men had been ordered to hold itself in readiness for service. All the men aboard the Connecticut are of the second regiment.

The Americans who lost their lives in the clash which occurred Thursday night, were William Gompers, seaman, of Brooklyn, and Cason S. Whitcomb, ordinary seaman, of Norfolk, Va. In reporting

NEGRO BURNED AT THE STAKE FOR MURDERS

THROWN INTO FLAMES AFTER ASSERTING WHITE MAN IN-STIGATED CRIME.

Three Children Slain and Father and Mother Beaten Into Unconsciousness.

(Associated Press Telegram) Temple, Texas, July 31.—The burning at the stake here last night of Will Stanley, a negro suspected of a part in the murder of three children of W. R. Grimes, hampered the police today in their efforts to arrest other persons suspected in the case. The mob burned Stanley to death when they found him wearing trousers which bore the name of the father of the murdered children. Two other negroes held by the police, Slim Harris, and another going by the name of Wells, were taken out of town by the police last night and hidden.

Just before being thrown into the flames, Stanley asserted that a white man had paid him and another negro, whose name he gave, to go to Grimes' home Wednesday night and kill the family. Grimes and his wife were beaten into unconsciousness and three of their six children were slain by blows from a hammer.

Stanley said he held the horse while the other negro did the killing. Stanley's death last night was watched by many women and children. The negro tried six times to get out of the flames, but trace chains bound him too firmly. Stanley, it was believed, was on the point of giving further information concerning the murder when a bullet fired by a merciful onlooker cut him short.

SHOT

AT GEORGIA'S GOVERNOR SIX-TEN TIMES BUT MISSED THE MARK.

Executive Now Wants Veteran of Union Army as Member of His Personal Staff.

(Associated Press Telegram) Atlanta, Ga., July 31.—The fact that he shot at Governor Harris of Georgia sixteen times—and missed each time—may win for J. C. Wade, of Cornelia, Ga., an appointment to the governor's staff upon the state legislature, now in session to abolish the age limit of 60 years. Governor Harris is a Confederate veteran. Mr. Wade served in the Northern army. Wade was the present governor was campaigning a year ago, he met Mr. Wade at Cornelia. Talk turned to the fighting at Moorefield, Va., in the states.

"Where were you on the morning of the second day's battle when you fellows were making it so hot for us?" asked the Confederate veteran. "Well, I was on outpost duty on the extreme end of the upper right wing, and I thought every minute would be my last," replied Mr. Wade.

"You don't mean it—well, tell me did you see a man saddle a roan horse and ride off at top speed?" "Did I see him? Why man, I shot at that man sixteen times, and missed him every time."

"It's a good thing you missed," laughed Mr. Harris, "or I wouldn't be here I'm the man you shot at." A close friendship resulted from the meeting and culminated today in Governor Harris' announcing he would try to have the legislature change the age limit in Mr. Wade's favor.

AGED GRANDMOTHER ONLY SURVIVOR OF EASTLAND TRAGEDY.

(Associated Press Telegram) Chicago, July 31.—Public funeral services attended by more than 1,000 persons, were held in the suburb of Chicago today for Willie Novotny, seven years old, one of the Eastland victims whose body number 396, lay in a morgue for six days before it was identified. A procession led by Mayor Thompson and a committee of public officials, four companies of Boy Scouts, delegations from numerous Bohemian societies and a band followed the cortege to the cemetery. Willie's father, mother and 12 year old sister, who also were drowned on the Eastland, were buried with him. An aged grandmother is the only member of the family surviving.

STATEMENT

ISSUED TODAY BY MARTIN T. MANTON, FORMER COUNSEL FOR CHARLES BECKER

Denying He Gave Governor Names of Five Prominent Men Engaged in Grafting.

(Associated Press Telegram) New York, July 31.—Martin T. Manton, of counsel for Charles Becker, electrocuted at Sing Sing, yesterday for instigating the murder of Herman Rosenthal, issued a statement here today in which he denied emphatically that he had given Governor Charles S. Whitman the names of five alleged grafters.

The statement opened with the assertion that a New York newspaper yesterday quoted the governor as saying Mr. Manton had named five men—two dead and three living—who were implicated in the alleged grafting.

Mr. Manton recited that upon reading the interview attributed to the governor, he sent him by telegraph a message, asking whether he had been correctly quoted. Failing to receive a reply, Mr. Manton said he deemed it advisable to state just what happened in the interview in which five men were mentioned.

"I had sought the governor," said Mr. Manton in his statement, "for the purpose of asking him, in view of the fact that he was the prosecutor who brought about Becker's conviction to take the advice of some eminent citizen concerning the action that should be taken by him as governor in respect to enforcing the sentence of death. I told the governor that Becker would answer any questions propounded to him by such a commissioner. The governor then said: 'Manton, you need not answer this unless you want to; but can Becker give me anything on this municipal administration?'"

"I replied 'I did not know. You had better get the first hand from Becker's lips.' He then went on to ask four names, three of which he said were of men not now important. One, however, was that of a person now holding high public office in the city. Concerning that one he said: 'Did he have anything to do with it?' I replied, 'I do not know, Becker has never told me; but he said he would answer any questions your commissioner may ask him.'"

Mr. Manton declined to make public the names of the men he claims the governor mentioned.

Arrangements for the funeral of Becker had not been finally completed today. It was understood, however, that one half of the church from which the funeral will be held would be reserved for policemen friends of the former head of the "strong arm" squad.

BROKEN GLASS FROM AUTO WINDSHIELD PIERCED AN ARTERY

(Associated Press Telegram) Lima, Ohio, July 31.—David Miller, 28, of this city, died at the city hospital this morning as the result of injuries received when an automobile in which he was riding, turned turtle. Glass from the windshield cut an artery in his leg. A piece of glass five inches long was found in his leg.

Eddie Smith, who accompanied Miller on the ride, took the latter home as neither realized he was seriously hurt. Police found Miller in a pool of blood in the court of his apartment, where he had fallen and lain for three hours. He was rushed to the hospital.

Miller leaves a wife and daughter aged six.

ANOTHER FATAL ACCIDENT.

(Associated Press Telegram) Cincinnati, Ohio, July 31.—Miss Rose Coleman, aged 14, was killed and her father John Coleman, of Dayton, Ohio, was probably fatally injured when an automobile in which they were riding was hit by a Pennsylvania train near Reading, O. today. The Colemans lived at 359 Grand avenue, Dayton.

IS NOW IMPROVING.

Mrs. Leah Jackson, of 10 Western avenue who has been critically ill suffering with pneumonia and hemorrhages, is slightly improved today.

WARN CREW; SHIP SUNK BY TORPEDO

American Aboard English Vessel Reported Killed by Shock

IBERIAN MADE FUTILE EFFORTS TO ESCAPE

CONTRABAND CARRIED

By Attempting Flight, After Being Warned—All On Board Lost Any Claim for Protection From United States, As They Were Killed By Shell Fire and Not Drowned.

(Associated Press Telegram) London, July 31.—The Leyland liner Iberian (English) has been sunk by a German submarine. Five members of the crew were killed, two died aboard the rescue boat and 61 were landed safely.

The casualties on board the Iberian were caused by shell fire. The submarine then torpedoed the Leyland liner and the vessel went to the bottom.

The Iberian, a steamer of 5223 tons gross, sailed from Boston, July 7, for Manchester, where she was reported to have arrived July 26. She was 437 feet long, with a beam of 48 feet and was built at Sunderland in 1900. A Leyland & Co., Ltd., of Liverpool, were the owners.

Upon her arrival at Boston from Manchester and Liverpool on July 2, members of the Iberian's crew told of being chased by a German submarine when only a few miles from the mouth of the Mersey. Captain Jago maneuvered his ship out of danger, however.

The Iberian has been used for several months for the transportation of war supplies between the United States and England.

ONE AMERICAN

A Muleteer on the Iberian Was Killed by Shell Fire.

(Associated Press Telegram) Washington, July 31.—Only one American, a muleteer, named Whyley, was killed when the British steamer Iberian was shelled and sunk by a German sub-marine. American Consul Frost at Queenstown, reported today that the Iberian disregarded the submarine's warning to stop. Later the German commander gave the crew time to take to the boats before firing a torpedo. Whyley died of shock and wounds from shelling.

Consul Frost's report said: "Steamer Iberian submarined. Whyley, American muleteer killed. Ship Surgeon Burns of the Iberian, an American citizen, stated that submarine did not shell Iberian until the latter disregarded signal. Gave time to take boats. Whyley died from shock and superficial wounds. No other Americans injured."

CONTRABAND

On Board the Iberian Consisted of Horses and General Cargo.

(Associated Press Telegram) Boston, July 31.—About eighty horsemen and hostlers, many of them from Boston and vicinity, sailed on the Iberian when she left Boston for Manchester and Liverpool on July 7. The steamer carried 600 horses and a general cargo, but according to advices received at the Boston office, was bringing back only a small consignment of baled goods. It was not known here how many of the horsemen were returning to this country with the vessel. Of the men shipped here some were American citizens, but the nationality of the greater number is in doubt.

GERMANS SINK MORE TRAWLERS

(Associated Press Telegram) London, July 31.—Four more Lowestoft trawlers have been sunk by a German submarine. The crews were saved.

The fishermen sent to the bottom were the Quest, the Strive, the Achieve and the Athena.

HEIRESS

TO MANY MILLIONS WEDS MAN-AGER OF CAR COMPANY YIELDING INCOME

Miss Catherine Barker and Howard H. Spaulding Married After a Most Interesting Romance.

(Associated Press Telegram)
Harbor Point, Mich., July 30.—More than 300 guests from all parts of the country are here for the marriage at 4 o'clock this afternoon of Miss Catherine Barker, of Michigan City, Indiana, and Howard H. Spaulding, Jr., of Chicago. Miss Barker is said to possess a fortune of between \$20,000,000 and \$30,000,000 and is an orphan. Mr. Spaulding is a son of Mrs. Howard H. Spaulding, of Chicago, was recently graduated from Yale and for several months has been secretary to the general manager of the Haskell and Barker Car company of Michigan City, the stock which formed a considerable part of the Barker legacy.

The ceremony will take place in the enclosed sun porch of the Barker summer cottage, overlooking the bay, and it will be performed by Rev. John H. Blackmann, of Mishawaka, Indiana, who will read the single ring ceremony of the Roman Catholic church. James B. Forsan, president of the First National bank of Chicago, personal and financial guardian of Miss Barker, will accompany the bride to the altar.

A week of pre-nuptial festivities was closed today with a reception by Mrs. Nelson Ludington Barnes, Miss Barker's cousin. Immediately following the ceremony, a dance will be given, after which the couple will leave for a trip to the Orient.

The wedding is the culmination of a romance which began several years ago when the Barker and Spaulding cottages were only a short distance from one another. Miss Barker is 19 years old and Mr. Spaulding is 21.

Employees of the Haskell and Barker Car company, numbering about 8,000 were given a holiday today on account of the wedding.

THE MASCAL BUTTON

Payote, known commercially as mescal, is a species of cactus grown in northern Mexico. The mescal button, about one and a half inches in diameter, is to the uninitiated disagreeable in both odor and taste. Although a tea made from it, it is more generally eaten in its dry state, and has hence been called "dry whisky." The effect upon the user is different from that of any other drug. There is trembling and nausea, a sense of dual existence, in some cases a delirium somewhat similar to delirium tremens, and an overestimation of time—minutes becoming hours and hours long periods of time. The most extraordinary effect, however, is the visual hallucinations and the effect upon the hearing. The habitue enjoys "a regular kaleidoscope play of most wonderful colors, an incessant flow of visions of infinite beauty, grandeur and variety, while each note produced on the piano becomes a center of a medley of other notes which appear to be surrounded by a halo of color, pulsating to the music."—Leslie's.

The Difference.
Herman Frasch, chief chemist of the Standard Oil company, who died worth \$5,000,000, made many millions for his employers by his utilization of waste.

In an interview in New York, discussing the discovery that turned coal tar from a waste to a highly valuable byproduct, Mr. Frasch once said to a reporter:

"That one little change, that little chemical change, did it all. There is never more than a tiny difference, you know, between a waste and a byproduct, between wealth and poverty, between success and failure.

"Look, for example, into some great business office. Here is a haggard man in his shirt sleeves on a high stool working for dear life—he checks the cash. Then, in a little glass office all by himself, look at that other frock coated man leaning back in a tufted green leather armchair, smoking a cigar and reading the paper—he cashes the checks."—Boston Record.

Eating Asparagus.
Mr. G. K. Chesterton does not like the modern way of eating asparagus. "Excluding cannibalism," he writes, "and the habit of eating sand (about which I can offer no opinion), there is really nothing one can eat which is less fit to be eaten with the fingers than asparagus. It is long; it is greasy; it is loose and flabby to every sort of soft yet sudden catastrophe; it is always eaten with some sort of oily sauce, and its nice conduct would involve the powers of a professional juggler, combined with some practice in climbing the greasy pole. Most things could easily be eaten with one's fingers. Only this one tiresome, topping vegetable I eat between my finger and thumb. I should be better off as a giraffe eating the top of a palm tree. It doesn't want any holding up."—London Chronicle.

Lots of Vowels.
In the Hawaiian language every word ends in a vowel. A Hawaiian finds it almost impossible to pronounce two consonants together, and in English he has the greatest difficulty in pronouncing any word ending with a consonant. Mr. Hale in his Polynesian grammar says: "In all the Polynesian dialects every syllable must terminate in a vowel, and two consonants are never heard without a vowel between them. It is chiefly to this peculiarity that the softness of these languages is to be attributed. The longest syllables have only three letters, and many syllables consist of a single vowel." Again, no syllable, as a general rule, in the Bantu family of African speech can end in a consonant, but only in vowels.

An Element of Difficulty.
"What is the hardest part of your work as a lecturer?" asked the man designated as toastmaster.

"As a rule," replied Mr. Speekins, "the hardest part of my work is waking the audience up after the man who introduces me has concluded his remarks."—Washington Star.

SURPLUS

FRUIT AND VEGETABLES SHOULD BE CANNED DURING SUMMER

Thousands of Dollars' Worth Go to Waste Which Could by This Means be Utilized.

(Associated Press Telegram)
Columbus, July 31.—Can your surplus fruit and vegetables?

This advice went north to farmers today from the new agricultural department. Renick W. Dunlap, secretary of the board of agriculture, said he has instituted an investigation to secure exact information concerning the cost of buying and operating small canning shipments, and markets for comparatively small quantities of canned fruits or vegetables.

"Thousands of dollars' worth of fruit and vegetables which cannot be used by farmers and which have no market, go to waste every year," said Secretary Dunlap. "Expenditure of \$50 for a home canner would often bring good results."

He pointed out that a canning equipment, capable of turning out 3,000 quarts of fruit daily, can be bought for \$75. The agricultural extension department of Ohio State University's college of agriculture recently issued a bulletin recommending installation of canning and implements costing between \$25 and \$40 by farmers to utilize garden or orchard products which ordinarily would rot. Beginning in a few weeks two young women, Miss Hulda Horst and Miss Hazel Williams, experienced in canning problems, will go on a tour of the state educating farmers to preserve fruits for the market. They will first go to Mahoning and Medina counties.

Samuel Taylor of Greve City, former member of the board of agriculture, reported to the department today that he had installed a \$75 canning equipment on his farm and expected to preserve a large proportion of the 1,000 bushels of plums he has raised this year. Mr. Dunlap said he is preparing to can a quantity of tomatoes on his farm in Pickaway county with a cheap canner.

Announcement was made today by the agricultural college extension department that a book of recipes for use of apples will be ready for general distribution in two weeks. This was prepared in anticipation of an extra large crop of apples in Ohio this year. It will be furnished free on application.

SPECIAL SESSION OF LEGISLATURE ON COAL RATES

URGED UPON GOVERNOR WILLIS BY UNITED MINE WORKERS OF OHIO.

To Induce Railroads to Reduce Freight Charges—Contributions Received for Miners.

(Associated Press Telegram)
Columbus, July 31.—Urgent suggestions that Governor Willis call a special session of the legislature to consider intra-state freight rates on coal, was presented to the governor's office today by John Moore, president of Ohio United Mine Workers. Although the governor was out of the city, it was said at his office that he probably would not consider seriously calling a special legislative session.

"If the governor should issue a call for the legislature to assemble, you would see the railroads meeting with coal operators and reducing their rates on coal before the session would begin," said Mr. Moore. "Therefore, a great deal rests with the governor."

It was said the request of President Moore was the first such appeal that has come to the governor in a formal way since the coal miners' condition became critical.

State officials today were trying to find financial means for transporting one hundred miners next Wednesday from the Hooking Valley district to Cleveland, where they have been offered work. Several proposals were made. That part of the miners' relief fund be used to pay railway fare; that means might be found to allow railroads to carry the men free despite laws which prevent this under ordinary circumstances, providing railway will agree to make no charge; that the Cleveland chamber of commerce be induced to pay the fare of the miners.

The adjutant general's department today received \$100 for miners' relief from the National Cash Register company, of Dayton.

SPEED KINGS MAY SMASH ALL RECORDS

In announcing the arrangements for the race between Barney Oldfield, Dario Resta, Bob Burman and Earl Cooper at Chicago, August 7, the press bureau of the new Chicago speedway declares that a race of 110 miles an hour may be expected.

Only the four cars being in the race, there will be no occasion for slowing up in passing a field of laggards. The purse of \$20,000 will make the drivers hurl their cars through space at the greatest possible speed.

As the distance traveled is but 100 miles it is expected that the race will be finished in 25 or 27 minutes.

Popular prices will prevail, admission including grandstand being fixed at \$1.

Do not dodge. Whatever the difficulties to be met, they are not made easier by trying to dodge them. When we dodge trouble we are more than likely to get into other trouble no less easy to endure. Look with courage on what must be met. Faced with our own difficulties are half conquered. Better meet and conquer difficulties than to dodge them. Do not dodge duties that devolve on you. Duties performed add strength and dignity to character. It matters little what these duties are; though they be of the simplest and humblest, well and truly done, they acquire dignity. Stand up bravely and squarely to meet the difficulties of life. With courage you will conquer. You will come through life with fewer scars than by trying to dodge duty or difficulty. Trying to evade gets in a man a cowering spirit. He gets a habit of trucking, and upright, self respecting manhood is gone. Don't dodge if you would hold yourself above meanness.—Milwaukee Journal.

Creek Names of Iowa.
That Iowa is a farming state is reflected in the names of many of the streams that flow through it. First there is Farm creek, so that Farmers creek is not out of place; then there is a Chicken creek, a Duck creek, a Goose creek, a number of Turkey creeks, as well as Pigeon creek. There are Fox, Hawk and Bat creeks to devour the domestic animals, and some Crow creeks, while there is also a Fly creek and Mosquito creek. Water creeks are present, likewise a Hog run and a Mud creek, so that Dacot creek is not strange. It is fitting that with a Bee creek and a Bee branch there should also be a Honey creek. There are a couple of Cherry creeks, a Crab-apple creek and plenty of Plum creeks, and for the wild animals we have Bear, Beaver, Buck, Crane, Deer, Dog, Elk, Otter, Puntner, Raccoon, Skunk and Wolf creeks. With a Keg creek there is a Whisky creek and a Whisky run. Finally there is a Sargatory creek.—Argonaut.

Beauty of Victoria Falls.
The Victoria falls, the native name for which is Most-o-Tounya, or the Thunder Sounding Smoke, have rightly been called the most beautiful gem in the whole of the earth's scenery. No pen picture or photograph can give the faintest idea of the marvelous grandeur and beauty of the scene. The majesty and mystery of the gigantic gorges, the foaming torrents, the wonderful atmospheric effects—all come upon one with a force and power as though nothing had ever before been read or heard in connection with them. The falls by moonlight are a truly fascinating spectacle. The roaring clouds of spray, the soughing rain forest, the stream of the Zambesi shimmering far above the trembling earth, the lunar rainbow, combine to make an unforgettable picture.

Portugal.
Five hundred years ago, the span of a few generations, Portugal was the greatest maritime power, preceding Great Britain in that endeavor. The Portuguese first explored the two coasts of Africa. The Cape of Good Hope was doubled by Bartholomew Diaz in 1480. Vasco da Gama reached India, via Cape of Good Hope, eleven years later. In 1500 King Emanuel ascended the throne of Portugal and assumed the title of "lord of the conquest, navigation and commerce of India, Ethiopia, Arabia and Persia." In that year the Portuguese made settlements in Brazil. History is a catalogue of dreams. The dream of empire is nearly the oldest one. Its star is very bleak.

The Poet's Peacock.
Dante Gabriel Rossetti had an irresistible tendency to purchase rare and beautiful birds and beasts that appealed to his poetic or artistic fancy. Ellen Terry tells in "The Story of My Life" of his once buying an exquisite white peacock, which very soon after its arrival at his home disappeared under the sofa. In vain did Rossetti "shoo" it out. It refused to budge. This went on for days.

"The lovely creature won't respond to me," said Rossetti to a friend. The friend dragged out the bird.

"No wonder," said he; "it's dead!"

Sounded Omnibus.
"Gosh, I'm thorous about the new styles!"

"Why so?"

"Heard my wife say this morning that she was planning a gown. A little later I heard her say that her maid was a perfect blank."—Louisville Courier-Journal.

For the Hirsutely Ornamented.
Mrs. Vermonte Brown—Why on earth don't you get your husband to cut off his whiskers? Mrs. Sniffan Jones—I wouldn't have him do it for the world. I want him to let them grow and get them all out of his system.—Ohio State Journal.

Size of the Earth.
The diameter of the earth from pole to pole is 7,900 miles, the equatorial diameter being 7,925 miles. The slight difference of diameter is owing to the flattening out of the poles.

No Doubt.
"I wonder if surgeons don't feel somewhat cheap when they have to be operated on themselves?"

"I dare say they do feel rather cut up about it."—Baltimore American.

To make laws complete they should reward as well as punish.—Goldsmith.

DAUBERT LEADS NATIONALS; COBB THE AMERICANS

(Associated Press Telegram)
Chicago, July 31.—Three members of the New York Nationals have attained rank among the first ten batters of the National league, according to averages published here today, and have helped to bring the Giants into a tie for batting leadership again with St. Louis. Heinie Zimmerman, the Chicago slugger, has worked his way into the king row for the first time this season. The ten leaders including those who have played in half or more of the games up to last Wednesday are:

Daubert, Brooklyn, .327; Merkle, New York, .325; Doyle, New York, .323; Snyder, St. Louis, .323; Groh, Cincinnati, .315; Luderus, Philadelphia, .311; J. Smith, Boston, .307; Robertson, New York, .304; Sailer, Chicago, .302; H. Zimmerman, Chicago, .295.

Cravath, Philadelphia, leads the league in greatest number of runs scored, with 55. He also holds the home run record with 11 circuit drives. Carey, Pittsburgh, is the leading base stealer, with 25 while Sailer, Chicago, leads in total bases with 164. New York and St. Louis are tied for club-batting with 273 each, and Chicago is next with 272.

The leading pitchers who have worked in twenty or more games, with the number of games won and lost, are: Pierce, Chicago, 9 and 2; Alexander, Philadelphia, 19 and 5; Munn, Pittsburgh, 15 and 4; May, Philadelphia, 15 and 7; Dale, Cincinnati, 12 and 7; Ragan, Boston, 10 and 6; Dell, Brooklyn, 10 and 6; Meadows, St. Louis, 8 and 5; Pfeiffer, Brooklyn, 8 and 5; Harmon, Pittsburgh, 10 and 8; Vaughn, Chicago, 11 and 9.

The ten leading batters in the American league, who have played in half or more games for the season, are: Cobb, Detroit, .407; E. Collins, Chicago, .312; Jackson, Cleveland, .322; Veach, Detroit, .321; Speaker, Boston, .323; Crawford, Detroit, .323; Strunk, Philadelphia, .321; Fournier, Chicago, .316; Cary, Boston, .315; Maisei, New York, .314.

Cobb is far ahead in base stealing, having pilfered 62. Ruth, Boston, Fournier, Chicago, Kavanaugh, Detroit, Caldwell, New York, Peckinpaugh, New York, and Boone, New York are all tied for home run honors with four apiece. Speaker, Boston, leads in total bases with 176. Cobb holds the record for runs scored with 57.

The leading pitchers who have worked in twenty or more games are: Foster, Boston, 13 won and 1 lost; Scott, Chicago, 15 and 5; Faber, Chicago, 17 and 6; Coveleskie, Detroit, 11 and 7; Shore, Boston, 9 and 5; Daus, Detroit, 14 and 8; Ayers, Washington, 7 and 4; Benz, Chicago, 7 and 4; Fisher, New York, 12 and 7; Johnson, Washington, 14 and 9; Caldwell, New York, 14 and 9; Wellman, St. Louis, 15 and 10; Gallia, Washington, 9 and 6.

Detroit with 270, leads in club batting and Boston with 267 is next.

The ten leading batters in the Federal league, who have played in half or more games: Maceo, Brooklyn, .353; Easterly, Kansas City, .327; Kauff, Brooklyn, .332; Campbell, Newark, .331; Flack, Chicago, .330; Fisher, Chicago, .325; Verkes, Pittsburgh, .320; Cooper, Brooklyn, .317; Deal, St. Louis, .314; Walsh, Baltimore, .311.

Brooklyn, with 270, leads in club batting with Pittsburgh next with 261.

Evans, Baltimore, and Berghammer, Pittsburgh, are tied for runs scored honors, with 60 each. Konetsky, Pittsburgh, holds the record for total bases with 175. Chase, Buffalo, leads in home runs, with 11, while Kauff, Brooklyn, is the king base stealer of the league with 29.

The leading pitchers who have worked in 20 or more games are: F. Allen, Pittsburgh, 15 won and 6 lost; Cullon, Kansas City, 15 and 7; McConnell, Chicago, 15 and 7; M. Brown, Chicago, 10 and 5; Crandall, St. Louis, 11 and 6; Plank, St. Louis, 11 and 6; Packard, Kansas City, 11 and 7; F. Smith, Baltimore, 9 and 5; Davenport, St. Louis, 11 and 8; Schulz, Buffalo, 13 and 10; Prendergast, Chicago, 9 and 7.

LIQUOR CASES ARE CONTINUED UNTIL AUG. 27

Liquor cases brought before Mayor Bigbee by state inspectors, charging violations at Buckeye Lake were continued in Mayor's court Friday afternoon to August 27. The continuance was granted upon the request of the attorneys for the defense and with the consent of the state.

The cases include those against William Bergin, Hugh McKenna and L. J. Bolton. While Bolton did not appear Friday his case was continued with the others as it was the desire of the state to go to trial with all the cases at the same time.

Hart Loses Sight of Plate; Passes Seven Steelmen

"Red" Hart, former Buckeye Leaguer, pitching for Newark and Marion in the now defunct league, started the game for Fort Wayne against Youngstown in the Central league yesterday and though he had a bad journey for six innings, the game was saved with the aid of a relief pitcher. Hart's team winning by a score of 10 to 8. In six innings Hart passed seven men and allowed six hits, striking out three men. He took part in a double play. Knowlson who trained with the Newark club lost his game for Philadelphia yesterday to Cleveland 5 to 3. Knowlson allowed eleven hits.

GOVERNOR WILLIS HAS ACCEPTED THE INVITATION

Governor Frank B. Willis today accepted an invitation to attend the Farmers and Merchants picnic to be held on Thursday, August 19, at Mountbush Park. When the committee called at the state house several days ago the governor was unable to say whether he could come to Newark as he had another engagement for that date. He is to be at Black Lick on August 19, but arrangements will be made for him to visit both Black Lick and Newark on the same day.

The committees are busy arranging the program and events of the day and every assurance is given that Thursday, August 19, will be a big day for the people of Newark and Licking county. Admission to the park will be free and everybody is invited.

GRATUIT.

On Sunday, August 1st, Rev. R. C. Dean will deliver a temperance lecture at the M. P. church at 7:30 p. m. Temperance songs will be sung.

The ladies of the W. C. T. U. will please take notice that their regular meeting will be held the third Wednesday in August instead of the second Wednesday, which will be August 18th. A large attendance is desired as there will be much important business to attend to. Mrs. Minnie Hursey will open the meeting.

Favorable Report.

Commissioners Ben B. Jones, Jos. H. Orr and Frank R. Dunn were in Jersey township Friday inspecting the Monroe county ditch. The Commissioners reported favorable on same and will have County Engineer Swartz make the survey for the same.

PHOTOGRAPHS PICK WINNERS IN TWO RACES

(Associated Press Telegram)
Detroit, Mich., July 31.—With the \$5,000 free for all pace as its outstanding feature, the card for the closing session of the Grand Circuit meet this afternoon was declared by horse men and track officials to be the greatest ever offered on any one day in the history of light harness racing. The four entrants, constituting the "class" of the racing world, were Directum 1:15.8; William, 2:00; Anna Bradford 2:00 3-4 and Flower Direct, 2:01.

In addition to this event, were the 2:05 pace and the 2:05 trot, each valued at \$1,000; the 2:06 trot \$1,000 and the Hotel Pont Chart-rain 2:10 trot, \$2,000.

Lee Axworthy, owned by the Pastime stable of Cleveland and driven by William Andrews, yesterday afternoon won the 26th renewal of the Merchants and Manufacturers' \$10,000 stake from the greatest field of trotters which ever faced the starter in this classic. Raised from the 2:24 to the 2:08 class, the stake brought out a dozen of the best ones in training, but Lee Axworthy outfooted the lot and took the race in straight heats. Incidentally, he had to set a new record of 2:04 3-4 for the stake to beat Peter Scott, who was the chief contender all the way.

When the M. & M. was the feature of the week's Grand Circuit program, there were two heats in other events yesterday in which the finishes were so close the judges withheld their decision until a photographer, who snapped the horses as they went under the wire, developed his plate and showed the winner.

Lee Axworthy led all the way in the first heat of the M. & M. Seven horses came into the stretch abreast but Peter Scott and Lee Axworthy drew away in the last eighth and were fighting it out alone at the wire, Andrews' horse showing a head in front. In the second heat Peter Scott led to within 100 yards of the finish. Then Andrews, who had held Lee Axworthy back in the bunch, came with a rush, and in nosing out another won broke the old stake record of 2:05 1-2.

V. Schuler, owner of Peter McCormick, dissatisfied with this horse's showing in the first two heats, displaced Valentine in the third and led the field to the three-quarters pole. The pace was too swift, however, and Andrews and Murphy again drew away for another thrilling finish, the son of Guy Axworthy winning by about the same margin as in the other heats.

Ben Locanda took three of the four heats in the 2:13 pace, with Bingen Pointer always close up. The last named horse was declared winner of the second heat, after the photographic plate showed him in front at the wire by the narrowest of margins.

Pat Carmody led all the way in the first heat of the 2:18 pace. At the last turn in the second heat he broke to a standstill and was distanced. Atwood of the Valentine stable taking the heat and the next two.

The Wayne Hotel sweepstakes for 3-year-old trotters went to Colorado Range after three heats. He won the first rather easily and was beaten, according to the photographer's decision, by Deroche in the second. These two raced the third heat alone, Colorado Range winning inside the distance line.

SUNDAY'S RESULT HAS BEARING ON PENNANT HOPES

The result of the game Sunday between the Newark and Hewitt club of the Capital City League, will have an important bearing on the pennant hopes of both teams. Either one is still a contender for the pennant though the Mendals are in first position. A defeat or two for the leaders would make a big difference in the standing.

Sunday at Wehrle Park, Hewitts in second place, and Newark a few games behind, will clash. It promises to be a game in which the fur will fly.

The Newark batting order will be as follows: Winters, rf.; Carr, lb.; Ratchen, ss.; Boice, 3b.; Mauger, 2b.; Cashdollar, cf.; Allen, 1b.; McCarthy or Gebhart, c.; Nichols, Carpenter or Gilbert, pitchers.

DARKNESS FALLS BEFORE FINDLAY.
RACES ARE OVER.
Findlay, July 31.—Darkness had fallen yesterday when the last heat of the last race was started. Each race was fought to a finish. There were several minor accidents, in the smashing of four sulks, but all escaped serious injury except Guy Rea of Lexington, Ky., and he is not badly hurt. The moneys were divided under the point system. A greater number of the horses were shipped to Toledo last night, where the races start next Tuesday.

A Talk to the Boy

STRICKLAND W. GILLILAN.

(Here Chautauqua Week.)

Come, boy, to your dad. Let me tell you some things
Of the man who loved me as I'm now loving you,
For the heart is a pendulum heavy that swings
Aye forward and back as all pendulums do.
And tonight mine has swung far away to the time
When your dad had a dad, just as you have, my son—
A dad to whose arms I was welcome to climb
When his day in the cornfield or meadow was done.

I crept into arms that were stronger, my lad,
And his hands—oh, so tender—were harder than mine,
For the world had been harsh with the dad of your dad,
Yet I wish that my soul were as gentle and fine
As the one roughly clad in that body of his,
That so lavishly gave of his strength for one
Who now shelters you. And my prayer's burden is
That you may think thus of your father, my son.

What I've gained I have gained—his the heavier cost;
He in embryo held all things I have done,
Yet I fear—gravelly feet—there are things I have lost
That sad days diminish the triumph, my son.
So he close, little man—there's so little we know,
Except that I love you and you can love me,
And I smile with content that you're loving me so,
And am glad in that love, as my dad used to be.

The long automobile tours that many people are taking are very diverting, but the germ laden sleeping cars are a safer and surer means of getting there.

It is evident that President Wilson failed to consider the financial needs of the Washington ball team when he omitted to call the usual extra session of congress.

The women are preparing for the duties of suffrage by reading the Paris fashion page, just as the men long ago qualified for the same by their study of the baseball news.

The hurried business man can't possibly stop to help his wife with the flower garden, as he must hasten down to the office to read the stock market reports and baseball news.

It used to be customary to stir the ambition of the American boy by telling him that he stands a chance to be president, but it is now much more effective to say that he might become a football coach.

The new attorney for the new state fire marshal was admitted to practice law in the June 1915 class. He had been a lawyer just six weeks when appointed and never had a case or retaining fee. But his father was an original Willis man.

Start Checking Account.

Mr. Farmer, let the banker be your bookkeeper. Remember that a cancelled check is a good and a double receipt. The check, its stub and the indorsement are silent, sure witnesses that you paid the bill if any one disputes.

Newark business and professional men all have checking accounts at the banks. The farmers should have check books too. Many progressive farmers now transact their business through the banks as do the city merchants but too many of the farmers neglect to adopt modern business methods. It is the farmer's duty to be a business man in every sense of the word.

Eighteen Thousand Libraries.

There are over 18,000 regularly established libraries in the United States, containing more than 77,000,000 volumes, according to statistics just compiled by the United States Bureau of Education. The number of volumes is an increase of 20,000,000 since 1908.

Of the 2,849 libraries containing 5,000 volumes or over, 1,844 are classified as "public and society libraries," and 1,005 are school and college libraries. Public and society libraries have an aggregate of over fifty million volumes, with seven million borrowers' cards in force; 1,446 of these libraries were entirely free to the public.

Libraries reporting from 1,000 to 5,000 volumes numbered 5,453, of

cept Turkey and without a sympathy except Sweden, whose pro-German tendencies are due less to love of kultur than fear of Russia.

The United States is the one great and powerful neutral nation left in the world, and the great question at issue now is whether German diplomacy will permit the United States to remain neutral, despite the same and vigorous public sentiment in this country which is emphatically averse to war if war can honorably be avoided.

American friendship at this time is worth far more to Germany than German friendship is worth to the United States. The war has shown that so far as the United States is concerned we could get along comfortably forever if there were no Germany. In time of war Germany may be able to manage without the friendship of the United States, but the day will come when American markets, American money and American help will be imperative to the rehabilitation of Germany.

If German diplomacy cannot recognize this plain and obvious fact, if it is determined to sacrifice the future for the sake of a fancied temporary advantage in reducing submarine warfare to the moral basis of piracy, the case is hopeless. But come what will, the hands of the United States will be clean. No stain of guilt will rest upon either the American Government or the American people.

TAKE A LOOK
If You Have Time

A good camel will travel 100 miles in a day. An ordinary camel travels only 75 miles in a day. In buying camels try to select those having both speed and endurance.

Life has many equalities. The piccolo player, who never has an idle moment, gets the same wages as the bass drummer, who loafs two-thirds of the time.

Another way to direct public attention in some other direction is to get married.

In novels and on the stage the bully invariably is whipped. But in real life the bully often wins.

Being restrained by law from whipping his wife, about the only amusement a married man has is kicking his dog.

If a man doesn't have to get down to work early he would just as soon do it.

The fact that a man is downcast doesn't necessarily mean that he is in trouble. It may be that he has caught sight of himself in the mirror.

A man goes to the table to eat. A woman to demonstrate how gracefully she can demean herself.

One of the compensations of life is that a man can't study himself through a microscope.

Frankly admitting that the baby resembles its father is the shortest way. It also is the safest.

The Needle Craft club was entertained Thursday afternoon at the home of Mrs. Clyde Daniels, Central avenue. The afternoon was spent in sewing. At five o'clock a dainty lunch was served the following members: Mrs. Fred Keech, Mrs. Fred Stowell, Mrs. Ellsworth Van Voorhis, Mrs. G. R. Hackney, Mrs. Herbert Maston, Misses Alice Stowell and Beatrice Keech. The hostess was assisted by Mrs. Stowell. The club will meet at the home of Mrs. Fred Keech August 11.

A Little Fun

A Worse Doubt.
"Does she doubt your love, count?"
"Parbleu! Worse! She doubts my title."—Baltimore Sun.

More Work for Edison.
"What else do they want me to invent?" asks Edison. Well, the rainless picnic would probably fill a long felt want.—Philadelphia Inquirer.

Naviets.
Cholly—The squirrels are very tame in the park. They follow us everywhere.
May (archly)—Yes, they are after nuts.—Judge.

The Courageous Policeman.
Inspector—How was it possible for the prisoner to get away from you?
Policeman (embarrassed)—Well, you see, on the way we were chased by a row; and he stood still.—Fleegende Blatter.

First Aid to Golfers.
"What would you do if you had a styne?"
"Call a doctor at once."—Judge.

Proverbs Restored.
"Why didn't you go out for track practice yesterday instead of going to see Ruth?"
"Oh, a miss is as good as a mile any day.—Exchange.

In Politics.
"You have had seven appropriations for that river," complained the chairman of the committee. "What does it drain, anyhow?"
"The treasury," answered Congressman Graball.—Judge.

Practically the Same.
Chump—Were you ever at an afternoon tea?
Grump—No, but once I was in a place where sixteen phonographs played simultaneously.—Harvard Lampoon.

Business.
Madge—Why don't you tell him frankly that you don't like him as well as you do Charlie?
Marjorie—How can I, dear? I'm not just sure that Charlie will propose.—Judge.

Pointed Observations

A year of war ends and a century of regrets begins.—Chicago Herald.

Roumania thinks it has a holy mission to perform in this war but it has not yet quite made up its mind on which side to fight Cincinnati Times-Star.

The singing mosquito never changes records.—Toledo Blade.

It is the Black Hand that is working in Haiti—Philadelphia Record.

Who says comic journalism is a failure in America? There's the German American press proclaiming its neutrality.—Louisville Courier-Journal.

England may even double its present output of munitions, as Lord George announces, but in the eyes of certain German propagandists a few American shells will continue to be responsible for "prolonging the war."—New York World.

Many earnest people will be sorry to learn from Senator Cummins that he will not be a candidate for the Presidency. They would give love to vote against him.—Kansas City Journal.

Some men are born rich, some out franchise millions, and some head Mexican revolutions.—Kansas City Star.

And if the employees in all the munition factories in the United States were to go on strike, would that end the European war? Manchester Union.

The fact that Herman A. Mitz and Julius P. Meyer, of New York, are mixed up in an effort to bring about a peace conference in this country is evidence enough that such a method of procedure is desired by Germany.—Providence Journal.

By asserting as they do that the United States has entered into a secret compact with Great Britain are not certain German-American newspapers getting perilously near to the danger point?—Washington Herald.

To be sure, there are plenty of people who will fail to take a vacation this year, but they ought to be thankful that they are not having a whole lot of extra work piled on them the way the President has.—Indianapolis News.

Germany claims to have sufficient wool on hand to clothe the army in another winter campaign. How about the women and children?—Wall Street Journal.

Spirit of the Press

Comparative Cost of War.
In general the year's war cost has equalled the ten-year expense of equipping and maintaining the armies and navies of Europe. It is equal to the cost of all previous wars since Napoleon first started to lead France, and it compares with the cost of the Napoleonic wars, estimated at \$6,700,000,000; with \$5,000,000,000, the cost of the United States Civil War; with \$2,500,000,000, the cost of the Franco-Prussian war; with \$1,165,000,000, the cost of the Spanish-American war; with \$1,000,000,000, the cost of the Boer war; \$2,500,000,000, the cost of the Russo-Japanese war and \$2,100,000,000, the cost of the two Balkan wars.—"From The Cost of a Year of War," by Charles F. Spear, in the American Review of Reviews for August.

Worst to Come.
The war has already cost France more than the indemnity exacted by Germany in 1871, to say nothing of the destruction of life and property. And the worst is yet to come.—Pittsburg Dispatch.

The President.
It is good to note that attacks of any kind upon the president are few. His fellow-citizens have a just conception of the heavy load he is carrying. In the nature of the case, he has to assume tremendous responsibilities alone. That he is giving his best thought and energy and his purest love of country to the work laid upon him, is known of all. And it is a right feeling, which might easily become an indignant demand, that he be freed in his lonely wrestling with great problems not only from the howling of the mob but also from the snapping of haphazard critics.—New York Evening Post.

Lesson of the Eastland.
In the American scheme of things there is a laxness of law application which nullifies the best work of men who seek by the writing of words in statutes to protect the people of the nation. We fall because we are tolerant. We submit to the evasion of law or to the insufficiency of law because we have an optimism that even a succession of tragedies cannot break down. . . . Why are disasters a certainty in the community life of this nation? Because officialism can not be kept scrupulously and precisely in the line of its duty.—Chicago Tribune.

Is Sickness a Sin?
If not, it's wicked to neglect illness and means of relief. It's wicked to endure liver ills, Headache, indigestion, Constipation, when one dose of Po-Do-Lax gives relief. Po-Do-Lax is Podoophyllin (May Apple), without the grip. It arouses the liver, increases the flow of bile—Nature's antiseptic in the bowels. Your Constipation and other ills disappear overnight because Po-Do-Lax has helped Nature to remove the cause. Get a bottle from your Drugist today. Get rid of your Constipation overnight.

THE KIND WORD

A kindly word that's kindly spoken is just as cheap as one that's cross, and it may leave some pillar broken, who finds this line a total loss. It doesn't cost a copper penny to say, "Good morning, how d'ye do?" And it may mean a lot to many, and set their faces smiling, too. The smiles we wear are inexpensive, yet keep the world in better shape, their influence is so extensive it can't be measured with a tape.

The kind and friendly words we scatter, with love and mankind in our hearts, may well survive the wreck of matter, the crash of dynasties and thrones. And so I send my fellow mortals with loaded smiles of thirteen cents, and do as much, perhaps, with chuckles, which men do with gold and gems. The plan is old; man inter-graded and doubt was scarcely on its track, and learned that his expression faded helped things along, or set them back. And still we must be smiling, smiling, along this line till time is done, that men may be from gloom on coming, to take their places in the sun.

The Wise Fool.
"Knowledge is power," quoted the sage.
"Not when you think you know it all," corrected the fool.

Bars.
He stood before too many bars.
And then he went to find some;
In several bars he started bars.
And now he's lodged behind some.

Hub!
"The grinch is certainly a tightwad, isn't he?" said the old fo-y.
"He sure is," replied the wise guy.
"Told' charge you interest if he lent you his moral support."

Advice.
This is good dope, and it is true.
Don't pass it with a flume;
Do not be on sure things when you can go and take a chance.

Paw Knows Everything.
Willie—Paw, what is the way of the transgressor?
Paw—About fourteen ounces to the pound, my son.

Wuff!
We are ashamed to spring this tale.
And yet we have to do it;
A fellow gets a little pale.
Before he licks the bucket.
—Luke M'Luke in Cincinnati Enquirer.

This story, too, so gay with age,
Your reader may vex,
A man gets nothing when at last
He presses in his checker.
—Memphis Commercial Appeal.

Luke Is Neutral.
There's one thing about Mr. M'Luke in the Cincinnati Enquirer. He is impartial. Women get their punishment as well as the sterner sex.—New York Evening Telegram.

Woman.
A woman's wants make most men grin.
She's always on the jump;
She's either trying to get thin
Or trying to get plump.

Yes, but Whaddy Ya Mean?
No sickness and deaths to report this week, as it has been too hot for the doctors to travel.—Bell (Tenn.) Sentinel.

More Trouble.
Luke M'Luke in the Cincinnati Enquirer says mosquitoes like musical sounds.
Something else to blame on the neighbor's phonograph.—Zanesville (O.) Signal.

We Second the Motion.
Here is the way one wide awake teacher who is ever in quest of more light puts it: "I like to be on the ever-lasting chase after something." May her tribe increase.—Ohio Educational Monthly.

Names Is Names.
Miss Xenodra Y. Zyx lives at Butler, Mo.

Things to Worry About.
There are 176 packs of foxhounds in England.

Our Daily Special.
Never monkey with another man's buzzsaw.

Luke M'Luke Says:
If most of the June brides could cook as well as they can tango there would not be so many divorces next year. A woman's idea of an ideal husband is a husband who is afraid of her.
An old battered empty tomato can isn't worth much. But it is of more value than the kiss one woman gives another when they meet on the street.
It often happens that the same girl who leads all her chases in the gym is so delicate when she is at home that washing dishes would give her nervous prostration.
There are a whole lot of ways to acquire a nice pair of blackened eyes. But one of the hardest ways to get them is to mind your own business and keep your face closed.
Some men seem to have been put on earth so that other men could obtain a good living without working.
After all, discretion is merely having sense enough to pick out some guy you know you can lick when you start anything.
It is all right to knock the living and praise the dead, but if you boost the living and knock the dead you are no gentleman.
Radium is not the scarcest thing in the world. The scarcest thing in the world is an employee who does not believe that he knows more than the boss.
Why is it that the man who hates kissing so much that he hasn't kissed his own wife for six months will take a chance on getting shot trying to kiss some other man's wife?
Mother is always afraid that the children will be kidnapped. But father knows better.
When a ten-year-old boy likes to be dressed up and always keeps himself clean his parents should take him to an alfalfa.
Two is matrimony, three is alimony.
After all, there isn't a great deal of difference between dignity and a grinch.

Your Cough Can be Stopped

Should you forget it, drop us a postcard when reaching your destination.

DAVIS-THIESS.

At noon Tuesday occurred the marriage of Walter O. Davis and Miss Anita M. Thiess. The ceremony was performed at the home of the bride's father, Philip Thiess at Columbiana, by Rev. E. P. Wykoff, pastor of the Methodist church and was witnessed by only the immediate families. The beautiful ring ceremony of the Methodist church was used. The bride looked very pretty in a white pussy willow tulle gown. The decorations and flowers were in white. Mr. and Mrs. Davis left in the afternoon for a trip of ten days up the lakes and a week at the home of Mr. Davis' parents at Atherton, Licking county, after which they will be at home at the residence of the bride's father in Columbiana.

Mrs. Davis is a graduate of the Columbiana high school of the class of 1913, and is one of Columbiana's most estimable young ladies. Mr. Davis is the son of Mr. and Mrs. J. F. Davis of Atherton. For one year he was principal of the Columbiana public schools. He graduated from Ohio State University in 1911. He succeeded C. N. McCune as superintendent of the schools, which position he held for two years and was so well liked that he was engaged for another year.

The members of the Harmonious club and their families enjoyed a picnic at the home of Mr. and Mrs. T. E. Adams in Granville road, Thursday afternoon and evening. An appetizing supper was served on the lawn, which was illuminated with lanterns. The evening was spent in games.

Miss Olota Spellman was hostess to the Willing Workers Embroidery club at her home on Linden street, Granville Tuesday afternoon. The afternoon was pleasantly spent in needlework, after which a delicious luncheon was served to the members and guests.

Those present were Misses Ethel Cline, Lena Hand, Helen Miller, Mary Hankinson. The guests were: Mesdames Samuel Hand, Dalton Tatham,

Titus Hankinson, J. I. Miller, George Saxton, Myrtle Spellman, Misses Vida Saxton, Myrtle Jones. The next meeting will be held August 10 with Miss Ethel Cline.

A very enjoyable picnic was held at Moundbuilder's Park Thursday afternoon when three different classes from the East Main Street U. B. Sunday school got together for a good time. About 4:30 a bountiful supper was served on two long tables arranged under the trees. Early in the evening all returned home, thoroughly convinced that such affairs should be held more often.

Those participating in the good time were the following:

The Ladies' Golden Rule class—Mrs. Rena Gamble, Mrs. Anna Cox, Mrs. Aaron Livingston; visitors, Rev. A. B. Cox, Lester and Stuart Cox, Beulah and Naomi Gamble, Walter Beadle.

Class No. 8—Mrs. I. O. Stoffer, teacher, Dwight Ford, Noll Nichols, Edgar Sutton, Dale Stoffer, Robert Jenkins, Raymond Livingston; visitors, Roger and Robert Stoffer.

Class No. 5—Alice Warden, teacher; Walter Richardson, George Hoagwood, Raymond Chenoweth, Maxwell Skelley, Raymond Wilson, visitor, Carl Wilson.

The following party enjoyed a delightful picnic on Thursday afternoon: Mrs. J. C. Green and sons John and Paul, Mrs. V. L. Lemert and son Roger, Mrs. H. W. Mackenzie and daughter, Virginia, Mrs. H. C. Fitzsimmons and daughters Helen and Beulah, Mrs. A. A. Wilson and son Paul, Mrs. Belle Wilson, Mrs. G. W. Schmoltz, Mrs. E. M. Taylor, Mrs. Flora Green, Misses Marjorie Carr, Mary Green and Mr. William Hollar.

Mr. and Mrs. T. J. Irwin pleasantly entertained the members of the Miscellaneous Needle Workers club at their cottage, "Lehigh," at Buckeye Lake, on Thursday of this week. Those present were: Mrs. John Ayers, Mrs. Wallace Avery, Mrs. John Brodbeck, Mrs. Willis Boggs, Mrs. Louis Deerr, Mrs. Elizabeth Bagge, Mrs. Fink, Mrs. H. Heathorn, Mrs. Joseph Robe, Mrs. Charles Seward, Mrs. Spettie, Mrs. Wickham, Mrs. Elmer Wyles, Mrs. Ramey, and Miss Cora Irwin.

The guests of the club were: Mr. Wallace Avery and son Lewis; Misses Doris Avery, Emma Boggs, Gladys Ayers, Mary E. Bagge, Mabel Hughes, Mabel Spettie, Mr. and Mrs. Charles Wiant, Mr. George Boggs, Mr. Charles G. Seward, Mildred and Jane Seward.

Miss Margaret Morris of Corning, O., was the guest of honor at a marshmallow toast given two miles northeast of here last evening. Never was there a more enjoyable evening spent by the following guests:

Misses Margaret Morris, Ilo Smeeck, Madeline Reichart, Clara Reichart, Clara Reichart, Myrtle Hauck, Amelia Verhoyen, Messrs. Frank Garrison, Curtis Broome, Joe Carr, Will Berry, Earl Husbandt, Ray Bailey.

King George's cousins, first and second number close to 300.

Personal

Edward J. Kureth of North Fourth street has returned to Baltimore, Md., in the interest of the Wehrle company.

Miss Myrtle Houck, 171 North Fourth street, has returned home from Gallipoli, where she has spent several weeks.

Misses Margaret and Ellen Bradley of Fleck avenue leave this evening for a two week's vacation trip to Cincinnati.

Robert Lampton of Linville was the guest of friends in Newark on Friday.

Ned Warner, who has been visiting at his home in Morris street, returned on Friday to Dallas, Texas, where he is employed.

Miss Jennie Miller, who has been spending the week with Miss Mildred Robe of Woods avenue, has returned to her home near Linville.

Mr. and Mrs. A. R. Chaytor of Granville street were visitors in Columbus on Friday.

Norton Beecher was a business visitor in Lancaster on Friday.

Mr. and Mrs. Frank Redman of 257 West Main street, has returned after a visit in Pittsburg.

COUNTY OFFICERS
FILE BIG PETITIONS
FOR LONGER TERMS

(ASSOCIATED PRESS TELEGRAM)

Columbus, July 31.—The County Officers' State Association today filed with Secretary of State Hildebrand a petition signed by 107,207 names for a constitutional amendment to make the terms of county officials four years. John B. Miles, clerk of courts of Franklin county, is chairman of the committee, appointed to circulate petitions for names. A total of 113,000 names is needed to initiate the proposal and Mr. Miles said that the additional names needed for this quota would be obtained and filed Monday. In Franklin county 8,315 signers were obtained. The number secured in the other large counties were: Hamilton, 19,450; Cuyahoga 16,070; Lucas, 4,675 and Montgomery 5,067.

THE SICK

J. T. Hely of Buckeye Lake, who has been a patient at the City Hospital for a week, was removed to his home Friday afternoon in the Bazler white ambulance.

Miss Edith Haynes, who was operated upon at the City Hospital for appendicitis, Thursday morning, is getting along nicely.

Edwin Wood of East Newark is critically ill with an attack of jaundice.

The True Philosopher.
The true philosopher makes a considerable to do over his love of and his search for knowledge. But if he is a truly wise philosopher and if he values his reputation he will stop safely short of ever acquiring exact information. Exact information is fatal to the philosophical temperament. A philosopher is a man who can make solemn and profound remarks about any matter whatsoever without knowing anything about it. As soon as he learns something about a matter he is to that extent excluded from philosophizing about it. But no longer a pure philosopher, he is now part scientist. This explains why there are so few prominent and prosperous philosophers these days. With the vast development of our means of communication, the multiplication of books and newspapers and the obtrusiveness of reformers, it is almost impossible to get through the world without picking up a great deal of correct information, and consequently it is well nigh impossible to be a philosopher. Life.

That "Dead Man's Chest."
The rendering of the first line of Stevenson's immortal song as "Fifteen men on a dead man's chest" spoils the significance of the phrase, writes a correspondent. License is permitted to poets, but fifteen men could ever find room on the chest of any man, dead or alive, unless they were Lilliputians on the top of a Gulliver. The actual phrase is "the Dead Man's Chest," which is the name of one of the Virgin Islands, lying to the east of Porto Rico. It is said that when Columbus discovered the group he named them after St. Ursula and some of her mythical virgins, but the English buccanniers rechristened them in homelier terms, such as "Dutchman's Cap," "Broken Jerusalem," "Rum Island" and "The Dead Man's Chest." Kingsley refers to the matter in the first volume of "At Last," and Stevenson acknowledged, in his account of "Treasure Island," that he had lifted the phrase from the older novelist's pages. —Manchester Guardian.

How to Sharpen Your Knife.
In the Women's Home Companion a contributor gives boys the following advice as to how to keep their knives sharpened:

"Few boys who undertake to sharpen a knife have any great difficulty in getting a sufficiently keen edge. It is in keeping this edge that the trouble arises. This is due to holding the knife blade too flat when sharpening.

"By holding the knife blade very flat a sharp edge can be readily produced, but is so very thin that it is easily broken and the blade is marred by jagged nicks.

"The men who are employed in factories to sharpen the best grade of knives hold the blade at an angle of about 45 degrees and really sharpen only the cutting edge itself. This method leaves the blade behind the immediate point of contact sufficiently thick and strong to stand any ordinary usage."

Temperament.

"What the Dickens do they mean by artistic temperament?" asked young Arbutnot of his talented pa.

"Why," explained pa, "if you go to a tailor and ask him to make you a suit the tailor is satisfied to go ahead and make you any kind of suit you want any way you want it made. If you go to an architect he's tickled to build you any kind of house you want any way you want it built. But if you go to a man and ask him to write you a certain kind of book or poem in any particular way, or if you want him to paint you a picture or sculpt you a statue of any particular kind the man with the artistic temperament, instead of being tickled to get the job, will say:

"Now just look what this darn fool wants now!" —Judge.

Perspiring School.

"Seymour Hicks is an English actor who has never visited America," said a Chicago banner. "Hicks is a condition of the violent school. He's all over the stage at once. In his efforts to please he perspires in a way that is painful to witness.

"At a dinner I once gave Arthur Pinero made fun of Hicks for his strenuous methods. His lack of repose. 'Hicks, my boy,' Pinero said, 'I see you've got upon your bills. Doors open at 8.' Why don't you change it, Hicks, to 'Doors open at 8?'" —Detroit Free Press.

That's All.
"Didn't I see daughter in the kitchen yesterday?" inquired father.
"Yes."
"That's a hopeful sign."
"Don't be too hopeful," said mother wearily. "She is merely preparing to read a paper on domestic science at her club." —Kansas City Journal.

Bewiled.
Playwright—I want a hat—size 8.
Hatter—Mr. Pinero, you always wear a 6 1/2.
Playwright—Sir, I know what I want. My comedy was a success last night. —Chicago Mail.

Starting the Argument.
"Have you laid the foundation for your parental boom?"
"Yes, I have announced my unwillingness to be a candidate." —Washington Star.

Going the Limit.
"What aish things a young fellow will do when he is in love."
"Yes, some of them go as far as to get married." —Kansas City Journal.

It will never rain roses. If we want more roses we must plant more trees.

THOS. H. SITES
AGED CITIZEN
DIED SATURDAY

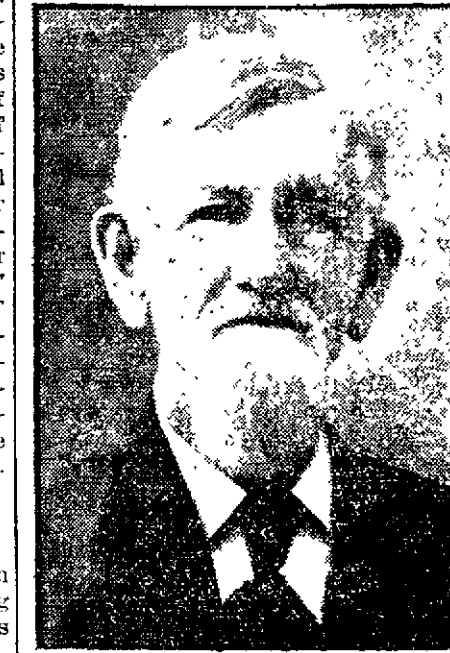

AT 81 YEARS, HE WAS PROBABLY
THE OLDEST BORN IN
NEWARK.

Was Successful in Business, Public Spirited, and Took a Deep Interest in Current History.

Mr. Thomas H. Sites died Saturday morning at 8:30 o'clock at his late residence, 22 East Locust street, of afflictions incident to his advanced age, 81 years.

Up to April of this year, Mr. Sites was in wonderful health of both mind and body, and his remarkable powers of observation and memory were frequently called upon by those who would settle questions of importance that had arisen. He commenced to decline in health physically this early springtime, but to the last retained his mental powers.

Mr. Sites was born in Newark, was always active in taking his share of the responsibility in any public movement for the advancement of his native city's interest.

THOMAS H. SITES

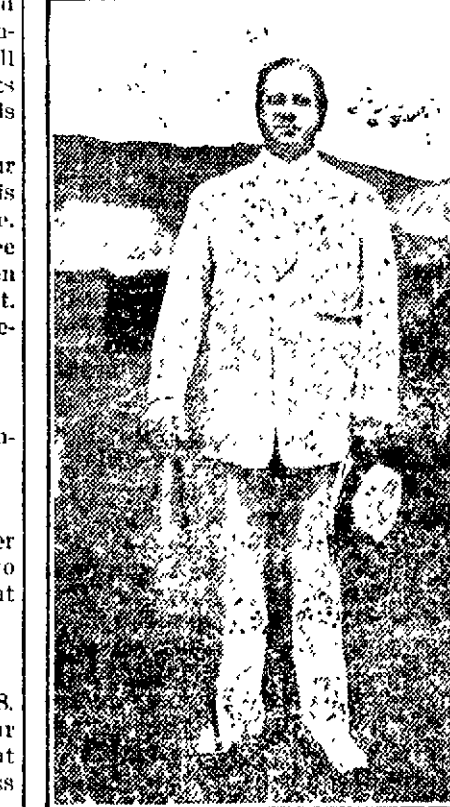

ment of his native city's interest. In his life, he was for Newark, first and all the time, and at the time of his demise, was probably the oldest person in Newark who had been born in this city.

Mr. Sites was eminently successful as a merchant and manufacturer. He started in business in 1856 in South Park Place and remained continuously in the grocery business at the same stand until May, 1898, when he finally retired from the grocery business, retaining, however, his interests in the milling business which he disposed of in 1901.

Mr. Sites was a widely traveled man and was a most interesting recounter of what he had gathered in his long business experience and observations of his travels. He was a liberal contributor to charities, being a broad-minded man who was for anything that with his help would tend to the advancement of human welfare.

Thomas H. Sites was married in 1863 to Annelina Cox, who preceded her husband to the great beyond five years ago and of his immediate family there survive Mrs. Richard P. Collins and Mr. C. Fred Sites, both of this city, his granddaughters, Mrs. Edw. Kibler, Jr., of Newark, Mrs. Thomas R. C. Collins, of Cleveland, and Thomas S. Collins, a grandson. Mrs. James P. Irwin, Miss Mary Wilson of the St. S. homestead and Mrs. Warren Wright of Maple avenue are his nieces.

Funeral services will be from his late residence, 22 East Locust street, at 10 o'clock Monday morning. The burial will be private.

"NEW CONTINENTS" THEME OF
LECTURE BY DR. WILLETT.

On his Chautauqua tour this season Dr. Herbert L. Willett of Chicago University is being warmly received, especially by those interested in educational affairs. His lecture, "New Continents," is intensely interesting, and Dr. Willett's eloquence adds greatly to its permanent and pleasing effect.

D. A. Tawney, janitor of the Orpheum building and the Central Church of Christ, will leave Monday morning to visit relatives in Findlay, Ashland, Mansfield, and Jeromeville, Ohio.

"Over The Wire"

[By Dorothy Clarke]

So sorry you couldn't have been with us.... We had a delightful little luncheon party and almost missed the train.... Yes, Louella is going first to Raquet Lake and then to Lake George.... She can't help but have an awfully good time, but she didn't like the idea of leaving at all.... She was wearing a stunning traveling suit of dark blue gabardine.... The color scheme was charming.... Gold and blue.... The pockets were outlined in gold embroidery and the coat was lined with gold brocade.... It was softly rolled back in two sort of lapel effects and there, and in the slashed sleeve, the brocade was gorgeous against the dark blue.... There was also a smart little white silk waistcoat buttoned up with large buttons and the collar came over the coat.... Her hat was dark blue felt with a bright gold quill stuck through the pleated silk band.... See you tomorrow, dear, Good-bye.

The Importance of the Nose.
Did you ever stop to consider how important the nose really is? Although it is quite an unnoticeable feature of the face, as compared with the eyes or mouth, it is indeed a very obvious one if red, pimply or oily.

If your nose is oily, wipe it off once or twice a day with diluted alcohol. Put a pinch of borax into the water, now and then, when you wash your face. You may also use a cool rice powder that will absorb all rich and greasy food and stop eating butter for awhile.

Pimples on the nose are not infrequently seen on girls. Sometimes they are due to internal derangement which requires the advice and treatment of a physician. Not infrequently they follow indulgence in rich and indigestible food. Massage will do much towards remedying coarseness of the skin of the nose. Rub gently but with considerable pressure, using the middle fingers and manipulating from the tip along the sides of the bridge to the top. Rotate this motion well at the base and the sides of the nostrils. This treatment, night and morning, after the face is washed equalizes the circulation and keeps the sebaceous follicles, which are numerous at the sides of the nose, in the state of proper activity.

Every Day Etiquette

The primer for the general behavior of children contains rules so obvious that the average mother can only resent their repetition. To talk in a child's presence of its gifts or looks is to pave the way for vanity and arrogance. The slightest impertinence to superiors should be promptly and firmly checked.

He must take off his hat to his elders, be they men or women or girls four years older than himself. He must never remain seated when an old person is standing, or be other than helpful, willing and gracious with age. It is no longer the fashion to say "Yes Ma'am" when the mother or grandmother speaks, but the reply must still be deferential. "Yes mother," "yes grandmother" is the way the reply should be put, and when a woman is introduced her name should be respectfully repeated as the child gives his hand.

JONES-OWENS
REUNION HELD AT
MOUNDBUILDERS

The Jones-Owen reunion which was held Thursday afternoon at Moundbuilder's park was a most enjoyable event to about 60 members and friends present. At noon sumptuous dinner was indulged in after which Mrs. G. W. Rugg acting as toastmistress, the president Stanley R. Wilson being unable to be present asked a few of the members to make speeches, to which they heartily responded and the company was delightfully entertained with funny stories, interesting trips and songs. The songs which were particularly enjoyed were sung by the little Messee Wilma and Barbara Jones, daughters of Mr. and Mrs. Harry Jones. A short business meeting followed at which "Mrs. Stanley R. Wilson, secretary read the account of the last reunion. Richard Owen was then elected president and Mrs. Richard Owen secretary for the next year. It was decided to accept the invitation by Edward L. Jones, Sr. to meet at his home north of Granville, next year.

Mr. and Mrs. Harry Jones and family of Los Angeles, Cal., were present for the first time in the history of the Jones-Owen reunion and it was a great pleasure for all to see and know them again. The members besides those living in and near Newark and Granville were Mr. and Mrs. D. M. Young and Mr. Harold of Columbus, Miss Mary B. Jones of Almiria, N. Y., George Pratt of Philadelphia, Pa., and Mrs. Stanley R. Wilson and son John Don of Huntington, Ind.

MOSQUITOES

MORE PLENTIFUL THIS YEAR THAN USUAL ON ACCOUNT OF MUCH RAIN.

State Board of Health Gives Timely Rules for Fighting the Annoying Insects.

(Associated Press Telegram)

Columbus, July 31.—Mosquito history for 1915 may be written in bold characters. Reports received up to today by state agricultural officials indicate this is a particularly good year for mosquitoes and consequently a bad year for those on whom mosquitoes prey. Plentiful rains and floods, which produced many stagnant pools along edges of streams and in sinked places, are responsible for the conditions, it is said.

Dr. E. F. McCampbell, secretary of the state board of health, declared he had not received reports showing the insects worse over the entire state this year than normally, but he suggested these rules for fighting them:

"Get on top of your roof and clean out the rain troughs. Leaves often gather in these, hold the water and make an ideal place for mosquitoes to breed.

"If there are any stagnant pools near your house, get out the kerosene can and pour a little oil on the surface of the water. This will not only kill mosquitoes and their larvae, but will prevent future breeding.

"Go after the patch of weeds in your neighborhood with a sickle, particularly if one part of the ground is a little low and might hold shallow pools of water.

"It is good to avoid mosquitoes, but don't fear getting malaria if they bite you.

"Keep an eye open for the insects beneath the screen of your baby's carriage or bed. Their bites will cause an infant much more annoyance than an adult."

Weekly Market Summary
(Associated Press Telegram)

New York, July 31.—Speculation in war stocks ran amok today. The rapid rise of these shares, together with many unconfirmed reports of high profits from war orders, attracted large buying and quotations were marked up to unprecedented figures. Trading was the heaviest of months, with transactions well above 1,000,000 shares in two days. This business was concentrated largely in the war shares, although elsewhere there were large dealings.

Of the war stocks, Bethlehem Steel and Crucible Steel were in the lead. The extent of their erratic fluctuations indicates the character of the market. Bethlehem Steel closed as low as 267 and as high as 275. Crucible Steel's range was from 215 to 230. Toward the end of the week there was evidence of an abatement of speculative excesses. The rise had been carried to a point which caused the calling of loans on these shares. It was apparent, moreover, that no satisfactory basis existed for advances of such a character. The market was occasioned by news of the torpedoing of the American steamer Leclaw, although quickly overcome, was a warning that the market was not to be more complacent advances were restrained.

Railroad stocks remained comparatively quiet. The case last week. Rumors of dividend reductions were borne out in the case last of St. Paul, which cut its dividend from five to four per cent. Railroad stocks in general benefited, however, from good crop prospects and improvement of business conditions in other industries. The change for the better in the

steel and related industries was reflected most forcibly in the quarterly statement of the United States Steel Corporation, which fully met optimistic forecasts. Other companies reported increased activity.

Chicago Grain (Associated Press Telegram)

Chicago, July 31.—Wet weather spoiling the harvest, especially in Illinois, caused the wheat market to day to advance. Prices were bullish affected also by the Kansas state report, which estimated crop losses during July at 25,000,000 bushels. Cash advances, too, were against the bears. After opening unchanged to a cent higher, the market scored a material gain all around before beginning to retreat.

Corn shared in the wheat strength. Most of the trade, however, was confined to pit speculators. The opening, which varied from a shade off to a cent higher, was followed by a moderate general advance.

Rain interfering with harvest put firmness into the oats market. July crops were manifestly nervous. Provisions took the upgrade with hogs. Sellers were scarce.

Copper Stock Dropped (Associated Press Telegram)

New York, July 31.—Amalgamated Copper stock, which for many years has been the center of the copper market, had been dropped from the stock exchange list today and so far as the speculative public was concerned, no longer existed. This was a result of the recent dissolution of the company and the formal announcement yesterday that the stock was being removed from the stock exchange list.

Amalgamated Copper stock, which has been taken over by the Amalgamated Copper company, was given a new trading place on the floor of the exchange.

Amalgamated stock experienced further speculation in years past. The organization of the Amalgamated Copper company in 1899 was one of the first big attempts in corporate history to control a market. The stock was issued at par, as high as 120 and closed as low as 35. The last quotation was 35.

SOCIAL SESSION

PROMISES TO BE VERY ENJOYABLE

Exalted Ruler James R. Cooper of the Elk Lodge announces a meeting for next Tuesday evening, at which time Delegate F. S. Scott will make a report of Grand Lodge proceedings at Los Angeles. The meeting will be followed by a smoker and social session, which will be presided over by Col. Billy Hol and brother Johnny, club stewards. An impromptu program will be carried out which will include an interesting descriptive talk by Exalted Ruler Cooper on "How Brother Pickup and Myself Landed 150 Fish." A number of additional electric fans will be installed and the club rooms will be made comfortable and cool. The luncheon menu will be featured. Nelson Metz and Homer Glancy will stage a specialty entitled "How We Smashed the Movie Trust." Mr. Clem Cole and Henry Scheidler will be seen as "The Gold Dust Twins" and Johnny Maybald will render a ditty entitled "I am the King of the Pinocchio." It is hoped that there will be a large attendance as an interesting time and a very enjoyable evening is promised.

RETIREMENT

OF RUSSIAN ARMY AND PROBABLE ABANDONMENT OF POLISH CAPITAL.

Events That Stir England, Which Hastens to Assist Russia of Her Moral Support.

(Associated Press Telegram)

London, July 31.—Discussion of the probability of a retirement of the Russian army from Warsaw, the London Times says editorially today.

"The Russian wings must hold on until the center from Sereck, Novogorodsk and Warsaw comes abreast of them, and unless the Niemmen and Bobr fronts hold firm, there will be trouble.

"An interesting point is whether the fortress of Novogorodsk, Warsaw and Ivangorod will be retained or evacuated. Railways Germany needs for a further advance pass through these fortresses, but if Russian garrisons are left they may absorb 100,000 men who may never be seen again."

"The Chronicle believes Germany will be content to allow the Russians to retire to a new line, meanwhile occupying themselves with fortifying their newly captured positions.

"It is possible," says the Chronicle, "that the Germans will not try to break through the new Russian lines which gives them in turn a short and easy line of defense. Then they can promptly transfer their huge surplus forces to another area for an offensive against Italy, Serbia or the Anglo-French front. Before autumn one of the three is likely to be hammered hard and steps point to Serbia or Italy as the first to be attacked."

"Warsaw touches us in England very nearly and sharply," says the Mail, in an editorial. "We shall feel the loss of the city even more than the Russians, who have limitless space in which to retreat. We hope authoritative means will be taken to inform the Russian army at its sitting tomorrow that Great Britain stands firm with Russia in this struggle."

Salvation Army's Free Outing Held at Buckeye Lake

The Salvation Army's free outing at Buckeye Lake for the city of Newark took place July 30th, and an ideal day that could not be better. It was deemed a grand success. There were races of different kinds, fat women and thin women, the little girls and the big girls, little boys and the big boys, for dolls and some of the kind hearted merchants of our city so freely gave and other articles.

One great feature of the picnic, was that some young gentleman had been very successful in fishing caught two large 16-pound carp, donated them to the Adjutant's wife and they set to work and cleaned and divided the same to all the poor mothers at the outing to take home with them.

The roller coaster manager donated the coaster trip for each one of these poor people, the aged as well as the young got a ride for which we were very thankful, and the day was a delightful day. All went off without a hitch or a disappointment, and we all returned to our homes with the 5:30 car from the lake with rejoicing hearts.

Adjutant J. G. Watkins wishes to thank the many kind friends for their generosity and unity in helping such a movement to bless those that are unable to leave such a day of blessing once a year. May God Bless you all.

MANNING WILL MANAGE STORE AT READING, PA.

David B. Manning, who has for several years been manager of the Walk-Over Shoe Store here, will leave within a week or two for Reading, Pa., where he will take over the management of the Walk-Over store. Earl Woodward, former Newark boy, who has been located at Reading, will return here and take charge of the local store.

Newark people will regret the departure of Mr. Manning who has proved himself to be an aggressive young business man. Under his management the Walk-Over store has won the confidence of Newark people and the business has enjoyed a liberal patronage. Mr. Manning goes to his new post with the best wishes of a large circle of friends here.

EVACUATION OF WARSAW SEEN BY GERMAN AIRMEN

Geneva, Switzerland, July 31.—(Via Paris.)—German aviators returning to their bases after a flight over Warsaw, reported that they clearly saw the Russian troops evacuating the Polish capital, marching towards the east, says a dispatch received today by the Geneva Tribune from Innsbruck.

Austro-Hungarian cavalry, the dispatch adds, have entered Lublin and all the railways in South Russian Poland have been in the hands of the Austrians since yesterday.

A German offensive on a larger scale from Plock and Pultusk to the confluence of the Narw and the Ing rivers began yesterday morning and there advisers add, the Germans are making progress.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is Paxtine. A soluble Antiseptic Powder to be dissolved in water as needed. As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At drugists. 50c. large box, or by mail, The Faxon Toilet Co., Boston, Mass.

AS powerful as The Newark Trust Company has grown, we never overlook that element of business—Court-esy. Your account is invited.

LUTHERANS

OF LICKING COUNTY CHURCHES
TO HOLD REUNION ON
AUGUST 26.

Grand Rally Planned For Better Fellowship to Be Held at Moundbuilders' Park.

To create greater interest and to become better acquainted a grand rally of all the Lutheran churches of Licking county is to be held at Moundbuilders' park all day Thursday, August 26. It is not the intention to confine this gathering to Lutherans of one branch of the Lutheran church, but all Lutherans and residents of Licking county, whether members of the churches vitally interested or not, are most cordially invited and assured a hearty welcome.

It will be a rare opportunity for Lutherans to learn more about themselves, and for their friends to learn what Lutherans are, as Rev. Dr. C. G. Heckert, president of Wittenberg college at Springfield (the seminary of the Lutheran church), will give an address entitled, "What of the Lutheran church?" Dr. Heckert is an eloquent speaker and well worth one's time to hear. As the title of his discourse indicates there will be much information imparted in the address, which will be along a conservative line. No matter to what branch of the Lutheran church you belong it will greatly benefit Lutherans of Licking county to hear him. Pastors from the various churches will also give addresses.

But the entire day is not to be given to speaking. At noon a basket dinner will be enjoyed, with coffee and lemonade served gratis by a committee. Athletic contests of various kinds will be held, and prizes will be awarded to the fortunate contestants. This feature will appeal to the younger element more particularly.

The following committees, co-operating with societies and Sunday schools, are now hard at work and making arrangements for the convenience of every one who attends and a complete success of the event, and one that will long be remembered.

Sunday schools and pastors: St. Paul's Sunday School, Rev. G. Bohon Schmitt, pastor; Holy Trinity Sunday School, Rev. Raymond G. Houk, pastor; St. John's Sunday School, Franklin township, Sunday School at Vanattas, Sunday School at St. Louisville, Rev. H. L. Greenawalt, pastor.

Officers.
President—John Maurer of St. Paul's.
Secretary—W. J. Johnson of Holy Trinity.
Treasurer—Rev. H. L. Greenawalt, rural district.
Executive committee—John Maurer, Ambrose Pfeiffer, St. Paul's church; George Smith, W. J. Johnson, Holy Trinity; Allen Benner, Wm. Dispennet, St. John's; John R. Gardner, Harry Gibson, Vanatta; two members from St. Louisville to be selected.
Press committee—Howard Gaub, Paul Ziegfeld.
Refreshment committee—President of the various ladies organizations of the different churches.
Arrangement committee—A. S. Pfeiffer, John Barrett, E. L. Weisgerber, John Saur and Charles Osburn.
Athletics and Prize committee—John Saur, Dennis Orr, Charles Osburn and Allen Benner.

Y. M. C. A. NOTES

H. W. Crawford, son of W. F. Crawford of Pine street, who is now in the hospital, made the Association several visits this week, while in town to see his father. Mr. Crawford is physical director at Quincy, Ill. He grew up in this association.

Harry Tinnon of Nelsonville stopped off on his way home from Lake Geneva to make the Association a call. Harry returns to Nelsonville for next year.

Plans are in progress for a camp for older boys some time in August. All boys who are interested should see Calvin Hazlett at once. Some improvements are being made about the building. The board met last Tuesday evening and authorized the house committee to carry out plans for improvements on the second floor. The men's social room will be put in good condition.

K. I. Dickerson of the board of directors, and General Secretary Johnson went to Columbus Thursday on business for the Association.

There are many reasons why parents should favor their boys with a membership in the Y. M. C. A. Among them are those:

1. It is the only well equipped social boys club in the city.
 2. It furnishes clean sport in clean surroundings.
 3. It has the only indoor gymnasium and swimming pool in the city.
 4. It is a safe stopping place for any boy of any age.
 5. It encourages clean habits and clean speech, education, and thrift.
 6. It seeks to get men and boys into the church.
 7. It assists the city in the promotion of every worthy enterprise.
 8. In being a member one shares in this contribution to the city's good.
 9. In joining here one becomes a member of 6,000 other Associations.
 10. The rates of membership here are much less than in most cities.
- Work was secured for ten boys and men this week. These were only temporary jobs, but the amount earned will amount to about \$50. These wishing employment should sign up at the office.
- A paper from Jamestown, North Dakota shows that the Y. M. C. A. work there is making progress. Melville Rank is engaged in the work there.

Why Go to Church Tomorrow?

By REV. GROVER L. DIEHL, Pastor Plymouth Congregational Church

BECAUSE

Daniel Webster once said: "The longer I live the more highly I estimate the Christian Sabbath, and the more grateful do I feel to those who impress its importance upon the community."

1. It is the experience of the human race that man is "Incurably religious," i. e., religion is instinctive and irresistible within us. Our souls were made for God and are restless until they find strength, inspiration and uplift from Him. Worship in the churches makes the help of God available to us all. It deepens our reverence for God as nothing else can. Such has been the witness of God's people from the beginning.

2. The Sabbath is primarily the Rest Day for man and beast. In the Book of Deuteronomy, the purpose of the Sabbath is described as strictly HUMANITARIAN. But no rest for man is what it should be, that does not rise out of the deep silences of God. The churches crown our Day of Rest with the blessing of God.

"Let us then labor for an inward stillness, An inward stillness and an inward healing, That perfect silence when the lips and heart are still, And we no longer entertain our own imperfect thoughts and vain opinions. But God alone speaks in us; And we wait in the silence of our spirits. That we may know His will; And in singleness of heart That we may do His will, And do that only."—H. W. Longfellow.

3. The churches provide opportunity for social intercourse among fellow-worshippers; for the brotherhood of believers. This is what Prof. Royce of Harvard University is pleased to speak of as "The Spirit of God in the Beloved Community." "Where two or three are gathered together in My name, there am I in the midst of them."

4. The services of the Christian churches furnish instruction from the Guide Book of Life. As men get legal counsel from the attorney or advice from the physician, the ministers of God are experts in religious education.

5. Benefit to the State. A regenerated nation means first a regenerated PEOPLE. Says Blackstone: "The keeping of one day in seven holy, as a time of relaxation and refreshment as well as public worship, is of inestimable benefit to a state, considered merely as a civil institution."

6. Moreover, the church is organized Christianity. In modern times when every undertaking of importance is organized in order to count, if Christendom or even plain Christian living is to succeed, it must advance by methods of efficiency and co-operation. The organized church makes RESULTS possible.

Y. W. C. A. NOTES

Wouldn't you like a beautiful Helen Gould Bible? Come join the girls that are trying for one. You may get one by memorizing and reciting the verses selected by Helen Gould Shepard, who gives the beautiful Bible with her autograph and favorite verse. Before her marriage with Mr. Shepard she used to write in all the Bibles John 10-14. Since she is Mrs. Shepard she chooses some others. Elizabeth Kibler and Virginia Warner are in the lead so far. Any girl or woman may get one of the Bibles by committing and reciting two stanzas. The selected verses which include the commandments; 1st, 8th, 10th, 23d, 27th, 31st, 103d, 121st Psalms; Isaiah 53d and 55th; the Sermon on the Mount; Matthew 25; Luke 15; John 10, 14, 15, and 17; 1st Cor. 13 and other shorter selections. You may take as long as you choose to memorize them. Some of the girls are trying to finish before September 1st. If this Association could have 100 who would learn and recite these verses, Mrs. Shepard would come to present them. But the greatest reason for your memorizing these beautiful words of God is found in His verse Psalm 119-11: "Thy Word have I hid in mine heart, that I might not sin against thee." Ask Mrs. Fred Evans about the verses.

The Young People's Branch of the Y. W. C. A. held its annual picnic at Kill Kare Camp on Tuesday afternoon. The afternoon was a busy one with swimming, picnic supper and a marshmallow roast around the Camp Fire, ending up with a "singing contest." They also brought many glasses of jelly and jams for the camp girls, which were heartily received.

Mrs. Adelbert Haskinson and some members of her Sunday school class spent afternoon and evening at the camp Thursday. Mrs. Ida German also spent the afternoon with us.

The girls that are not taking advantage of the camp this summer are missing one good time. If you don't believe it ask some of the girls who have been there. And what's more, you had better be coming soon, if you are coming, for camp will soon be closing and then you will be sorry. And please don't say after it is all over with "Why I didn't know anything about it"—for there has been something about Kamp Kill Kare in the papers every week for more than a month. The editor has been especially good to us this year, allowing us most generous space.

Camp closes August 12—before if there are not more girls next week. The swimming in the Y. M. C. A. pool is fine on Wednesday nights. There were ten in class last week. There should be more next week.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Holland Lodge

A fine class of 25 candidates was given the Page rank last Tuesday evening by the new officers of Holland lodge. The work was first class in every respect. In fact it could hardly be improved upon. The work was also pushed through in record time, which was gratifying to all concerned, especially as the weather is warm. One new application was received and referred to the proper committee. The date of the dedication of the new Dutchman Castle hall on East Main street was announced as Wednesday afternoon, September 22. The dedication committee is hard at work and wants the hearty co-operation of all Knights.

One of the most enjoyable outings of the season was held by White Canyon Five Ladies of the Marchants at Sunnyside farm, the beautiful country home of Mr. and Mrs. George Lowers, south of Rahon. The ladies went with well filled baskets and at noon a bounteous dinner was served. A ball game was held between the old and young members, the winning of the game, Mrs. Mary Anderson was voted the champion long distance walker. After spending a very pleasant day the guests departed, declaring Mrs. Dowers a capital hostess.

FACE COVERED WITH PIMPLES ALL HER LIFE

But Miss Ayres Got a 'Beautiful Complexion' at a Cost of Only \$2.00

Nov. 23, 1914:—"All my life my face was covered completely with a mass of pimples, blackheads and blotches. I spent a lot of money on numerous remedies and treatments without success and no relief at all. I tried so many things that I was afraid my case could not be cured. Resinol Ointment and Resinol Soap seemed to do me good right from the first. I used two jars of Resinol Ointment and some Resinol Soap, the total cost being only \$2.00, and this completely cured my case. My skin is without a blemish and I am the possessor of a beautiful complexion." (Signed) Mabel Ayres, Stone Mountain, Va.

Every druggist sells Resinol Soap and Resinol Ointment, and physicians have prescribed them for twenty years in the treatment of eczema and other tormenting skin troubles.

A DUTY YOU OWE TO THE NEWARK MERCHANTS

Before Sending Money to Distant Concerns, Citizens Should Give Local Merchants an Opportunity To Compete With Foreign Prices.

DECEPTION A VERY GRAVE OFFENSE

Exaggeration a Blood Relative of Falsehood—Experience of Consumers—In the Art of Deception the Mail Order Houses Excel the World—Where is the Doubting Thomas Who Does Not Remember the "Sight Unseen" Traders of Boyhood Days?

Of all the evil spirits abroad in the land, deception is the most dangerous. It is the first and worst of all frauds. Exaggeration is a blood relative to falsehood and nearly as damnable. Some men and some business concerns can never state an ordinary fact in ordinary terms. All their words are swarms of lies and exaggeration. Even the truth is weakened by being expressed too strongly.

A Gaping Monster.
Mankind in the cross is a gaping monster that loves to be deceived and has seldom been disappointed. They say that liars only may be deceived, but how about the mail order buyers? How often are they deceived by the large catalogue houses?

In the art of deception the great mail order houses excel the world. In their greed for gain and rash to victimize the poor and unsuspecting they paint their pictures of alleged bargains too alluringly. They instill confidence in the mind of the buyer, only later to fill his heart with doubt and disgust.

Who does not remember the "sight unseen" trades or "swaps" of boyhood days? One of the parties in the transaction usually got the worst of it, didn't he? And as a rule it wasn't the one who proposed the deal, was it? There is a lot of the same sort of "sight unseen" trading going on today, only nowadays it is called merchandising by mail.

Catalogues Look Inviting.
The illustrations in the catalogues of the great mail order houses look inviting. The reading matter sounds nice, and sometimes the deal turns out all right.

But, even supposing it does, where is the buyer's better off than if he bought from the local merchant? Take any article you choose from the long list of things sold by mail and you will find upon investigation that you can buy it just as cheaply and just as well at home. The expense of selling it by mail is just as great as the expense of selling it over the counter.

Your local merchants have rent, taxes, clerk hire, etc., to pay, and the mail order houses have the same expenses, only rent and taxes are higher in the large cities than in the country town. And, in addition, they have to maintain a small army of bookkeepers, stenographers, shipping clerks and other employees, besides the immense cost of advertising.

How many of the rural consumers know that advertising appearing in what are known as mail order advertising mediums costs from \$12 to \$25 an inch in single columns? It is true nevertheless. Where does the enormous profit come from out of which these enormous bills are paid? Out of the pockets of the consumers.

Would Welcome Such Bargains.
The city people would go wild with joy if these mail order houses actually had values with style and quality. They would not need to leave their own large cities to sell at the prices they quote, as the city people would swoop down upon their bargains like hungry lion hawks on green postings. But with style and value lacking they do not dare show their goods in the city where the prospective customers would have the opportunity of comparison, but by cleverly worded and exaggerated description they make the country people believe they are offering more desirable wares than the country merchant carries and at a less price, and, having no opportunity for comparison before buying, many people naturally are duped.

Everybody knows the picture of a five dollar suit of clothes looks as good as the picture of a twenty dollar suit. The description reads well. The suit seems to be what you want.

Cash With the Order.
You send your good money because the mail order house will not accept an order where the money does not accompany it. Then the suit arrives. It was to be all wool, but it is not. It is fully a size too large and several years out of date, and, besides,

Guest of Friends.

Mr. and Mrs. S. H. Layton of Lancaster drove to this city in their machine Friday and will be the guests of Mr. and Mrs. C. E. Bonham for several days.

Good Crowd at Lake.

Scores of Autos were driven to the lake last evening in the hope of escaping the heat, the thermometer registering 86 after the sun went down. The interurban cars bound for the lake were also well crowded and as a result the dancing pavilions and concessions were liberally patronized.

Want Union Station.

Tiffin is endeavoring to secure a union railroad station. The project is being backed by the chamber of commerce and their efforts may be successful, but not for several years at least. Newark also ought to have a union station, and it could be built to a much better advantage than in many other cities for the reason that the local lines run parallel through the city.

Buys Out Other Firm.

The Brumbach commission company has purchased the L. Larson commission business in South Second street, and has taken possession of the store. The Brumbach company has greatly enlarged its business, and the first of the week will install a new truck to care for the deliveries.

Mr. Wakefield in Detroit.

W. C. Wakefield whose specialty is commercial organization work, and who was in Newark two or three years ago, is now said to be Secretary of the American Civic Institute with an office in the Valpey building, Detroit, Mich.

Parker's at Lake Sunday.

Parker's Colored Entertainers who have just closed an engagement at the Hollenden at Cleveland, and who are at the Kaiserhoff of Columbus this week, will give a free entertainment from 1:30 to 10:30 at the band stand at Buckeye Lake park. The orchestra will play during the supper hour.

Hottest Day Yet.

Today has been the hottest of the summer, the thermometer reaching 95 in the shade. The thermometer has hovered up around ninety a few times but never overstepped that mark. A patent human cooling plant ought to be there are several of them installed in the larger cities and that they are patronized by lay fever patients.

Benches for the Ladies.

Officials in charge of the Court House park have installed benches for ladies along the four approaches leading to the court house. These benches are plainly marked "for ladies only," and any tired male found thereon will be asked to vacate. The installation of these benches is a splendid idea and the commissioners are to be commended for the improvement.

Back on Job.

Justice Fletcher S. Scott returned today after a month's absence in the west and is again at his desk ready to take up the numerous cases which have accumulated. During his absence his clerk and bookkeeper Miss Edythe Green has been in charge and dispatched the numerous duties with which she was confronted in a splendid manner. In recognition of her efficient services Justice Scott presented her with a solid gold wrist watch.

There are 67 births every minute throughout the world and 70 deaths.

Flags of France.

France had numerous national flags before it adopted the tricolor. Although its present banner is not particularly artistic, its predecessors ranked among the most beautiful flags in the world. The first French flag was extremely quaint. It consisted of a blue hood hung on a cross bar and represented the cloak of St. Martin, a saint greatly revered by the French, and years ago his helmet was carried in their wars to inspire the soldiers. The second French flag was a beautiful banner of red, with its loose end cut into three tongues resembling flames, between each of which was a green tassel. Some picturesque banners were at one time carried by the French warriors before the tricolor waved over the French battlefields. There was the sky blue cavalry standard with the golden sun of Louis XIV, the white and gold banner of Joan of Arc, magnificently embroidered with the Madonna, angels and lilies, and the famous old banner of the city of Paris, with its white ship on a blood red field.

Watch Your Dishcloth.

Improperly cared for, what a happy hunting ground for germs and microbes the dishcloth may be, exclaims Eva J. de Marsh in Farm and Home. Just put one in a pan with a lot of dirty, greasy dishes, rinse it in lukewarm water or not at all, hang it in a warm, dark, shut in corner and leave it overnight. You will know it is there! Drink some milk, eat some butter, pudding or jelly that has stood where it absorbed all the dishcloth had to give, and if you suffer no ill effects you are germ proof.

The materials of your cloth may be anything, so long as it is absolutely clean and free from dyestuffs. Let your dishes be scraped clean before they go into the pan, use your cloth to wash them only and always rinse it well when you are through. If you can, frequently hang it in the sun, wash and boil often, and never leave a cloth so it will remain wet a long time and get sour.

How's your dish rag?

The Man-of-war Bird.

The frigate pelican, or man-of-war bird, is usually met with by travelers in the tropics. Although when stripped of its feathers it is hardly larger than a pigeon, yet no man can touch at the same time the tips of its extended wings. The long wing bones are exceedingly light, and the whole apparatus of air cells is extremely developed, so that its real weight is very trifling. It flies at a great height above the water and from that elevation pounces down on fish, especially preferring the poor, persecuted flying fish for its prey. According to some authors, the name of man-of-war bird was given to it because its appearance was said to foretell the coming of a ship, probably because the frigate pelican and real frigates are equally adverse to storms, and both like to come into harbor if the weather threatens.

Our First Silk Factory.

Ohio was the first state in the Union to engage in the manufacture of silk, according to Dr. William C. Mills of Ohio State university.

"The first silk factory was erected at Point Pleasant in 1841 by John W. Gill and Thomas White," said Dr. Mills. "These men planted twenty-five acres in mulberry trees and began the raising of silkworms the following year. Dress silks, ribbons, silk velvets and figured silks were manufactured. The buckeye burr in light buff was the first pattern woven. A vast pattern from this place was presented to Henry Clay, who also wore a suit of broadcloth made in a Steubenville factory. Since 1877 not a yard of cloth of any kind has been made in Steubenville, although at one time there were twelve woolen, cotton and silk mills located there."—Baltimore American.

The Sublime Porte.

The phrase "the sublime porte" arises from an aspect of the sultan's capital. The French words "sublime porte" are derived from "porta sublimi," meaning "the lofty gate." Constantinople city used to have twelve gates, and near one was a building with an imposing gateway called Bab-i-Humajun. In this building resided the grand vizier, and there also were the offices of the chief ministers, whence all the edicts of state were issued. The French phrase was adopted because at the time French was the language of European diplomacy.

Restricted Freedom.

One of the funniest things in the world is the self conscious look of embarrassment on the face of a distinguished visitor when he receives the freedom of a city and its key, which he knows won't even admit him to a five cent moving picture show.—Philadelphia Inquirer.

A Facilitator.

Impatient Guest—Waiter, I must catch a train, and I'm in a hurry. What are the chances of my getting served at once? Waiter—About one to one, sir. Impatient Guest—I get you—\$1 to one waiter. Here you are! Now sidle—Exchange.

The Other Side.

She—Why do you refuse Ethel's hand to Mr. Nocoyn? Don't you want your daughter married off? He—Yes; what I am trying to avoid is having a son-in-law married on.—Boston Transcript.

Useful and Ornamental.

"You certainly wear swell clothes, old man. How can you afford them?" "By wearing swell clothes I'm able to make enough to be able to afford them."—Browning's Magazine.

The first balloon ascension took place in 1783.

The Japs Work All the Time.

Literally the Japanese work all the time. It is not at all uncommon to find Japanese men and women at work in their shops at 2, 3 and 4 o'clock in the morning. They must work like this or starve. They live directly in the rear of their places of business. Their entire household equipment comprises a few mats, a few cushions and a little tableware. They go at their job—whether it consists of making cloths or mending cuff buttons, and work and work until they are exhausted. Then they sleep a little and go back to work. It does not take a Japanese ten minutes to eat his meal of rice and fish. He has his festivals, of course, and a good many of them, but he works the rest of the time, and in many households it must be a special and personal festival, connected with some individual or family gods, to lure him from his occupation. He needs the money.—Samuel G. Blythe in Saturday Evening Post.

Mars and the Hand.

There is a mount in the hands of persons who are said to be impressed more in music by marches of warlike character than anything else. It is a soft, cushion-like mount within the center of the hand proper, but is generally developed toward the outer edge of the palm.

These persons are said to be under the influence of Mars and to have inherited warlike tendencies, but it more than usually shows an ordinary amount of courage that is possessed by most persons. These are the ones who would be thrilled by the "Marsellaise," the Russian national hymn, the "Watch on the Rhine" or the "Star Spangled Banner." Subjects of Mars seldom become proficient musicians or successful singers unless the other indications in their hands show other musical fancies.—Buffalo News.

Poor Knights of the Garter.

The splendor that surrounds the Order of the Garter makes it almost impossible to believe there ever have been "poor" knights of the order or that these still exist today. Such, however, is the case. These now number eighteen in all, and their official title is the Military Knights of Windsor. They are divided into two "foundations," twelve being in the "upper foundation" and the remainder in the "lower." When Edward III. founded the premier order of chivalry of the world he appointed one poor gentleman to act as a sort of attendant or squire to each knight, and twenty-six was the original number. These were known as the "alms" or "poor" knights of the garter until the title was changed to the present one by William IV.—London Standard.

Death to the Mosquito.

The Panama canal was built by paraffin. The fearful mosquito plague, which once made life for the workers unbearable, and which was one of the factors which made the French relinquish their attempts to build the canal, was ended by the simple expedient of covering all stagnant water with a film of paraffin. Midges lay their eggs in stagnant waters, but the larvae which develop have to come to the surface frequently to get fresh air. The paraffin entirely cuts off the supply of air, the larvae are suffocated, and consequently there are no midges. Other parts of the world, formerly regarded as the graves of white men, have now become mosquito free by the same means.—Pearson's Weekly.

Poetive and Comparative.

In the lobby of a Cincinnati hotel, during an educational convention, one school man approached another and, by way of introducing himself, said: "I'm Beck."

"That's good," replied the man addressed, taking the proffered hand. "I'm more so."

"You're what?" asked the first speaker.

"I say I'm more so," repeated the second.

"What do you mean by that?"

"Why, you say you are Beck."

"Yes, I am. My name is Beck."

"Well, my name is Becker."—Youth's Companion.

Like Son Was Father.

All through the long sermon little Johnny had been restless, and his mother had to keep pinching him in order to keep him in anything like order. Still his fidgeting continued.

"Can't you do something with that boy?" whispered the wife to her husband.

"Yes," said the husband. "I second his motion to adjourn."—St. Louis Post-Dispatch.

A Subtle Mexican Drug.

The Mexican Indians derived from their ancestors, the Aztecs, the method of making the poison of Talavatch. It is a subtle drug, the constituents of which are not known. The peculiar effect of the poison is to destroy the mind while only slightly affecting the body.

Because.

Drawing Teacher Rastus, your drawing of the mule is very good, but why didn't you finish it? Rastus—"Cause, Miss Emily, you told us to leave out de tail."—Judge.

Too Young.

The Ross—You are late again, New-lywed. Have you a reasonable excuse? Newlywed—No. He's not old enough to reason yet—Just yells all night.—Puck.

It is in general more profitable to reckon up our debts than to boast of our attainments. Carlyle.

POPE ANXIOUS FOR WAR'S END, BUT HELPLESS

(Associated Press Telegram)

Milan, Italy, July 30.—Via Paris July 31.—The entire press of this city commenting on the Pope's appeal to the belligerent countries says it shows the pontiff's ardent desire to see the conflict ended.

The Corriere Della Sera, however, remarks that any intervention in favor of peace will not be an insurmountable obstacle. Namely, that the conflict cannot end except with a victory for the entente allies, the conflict being for them a defensive war inspired by pure ideals of liberty and justice. Thus the condemnation of the pope, says the newspaper, strikes at those who for ambition and a desire for predominance unhalted war.

The Secolo goes further, stating that peace now is impossible because it would be advancing only for the Germans copying as she does Belgium, part of France and Russian Poland; while every day that passes wears out soldiers' forces, augments the resources of the allies and renders the intervention of the Balkan states more probable. The newspaper continues:

"It is useless to speak of rights and just aspirations as the Germans do not understand. They know only the arguments of force with which they must themselves be thrown back within their frontiers, reduced to impotence."

Granville

(Special to The Advocate)

Granville, July 31.—President Chamberlain has just informed the Advocate correspondent that the committee on instruction of the Board of trustees, is able to announce that the department of history has been filled by the election of Prof. Dorsey Whitteley of the University of Chicago. He will be acting assistant professor of history in place of Prof. Irving Kull, who has been granted a year's leave of absence.

The farmers in this vicinity have been greatly hampered in their work by frequent rains. They are standing in line for the use of the threshing machines, and heavy crops of hay already over ripe, are waiting to be garnered.

Miss Grace Chamberlin, librarian of the Granville Public Library, who has written and is staging a charming little play for young people, destined as a benefit for the library, hopes to be able to present it next week, and to that end rehearsals are being pushed with vigor. This promises to be an event of great interest as its successful production will add another to the list of American play-wrights, and one whom Granville will be proud to claim.

Mr. and Mrs. F. F. Murray, Mrs. Arlean Hughes and Miss LeRoy have been guests at the Brimback cottage at Summerland Beach this week. On their return from the house party, Mrs. Murray delightfully entertained a dozen young ladies yesterday afternoon at her home in North Pearl street, in compliment to her house guest, Miss LeRoy.

Rev. A. J. Hawk expects to go to Lancaster Camp Ground Monday, where he will spend the week. Others present from Granville will be Mr. and Mrs. A. W. Dicken, Mr. and Mrs. Ira Perry, Mr. and Mrs. Thomas Hayes, Hon. and Mrs. J. S. Graham, and Miss Minnie Taylor.

Miss May Stark is in Earlville, Ill., visiting relatives.

Prof. Alfred Orcutt, who has been teaching in the Summer school, has left for Michigan where he will join his wife. Prof. Orcutt has a year's leave of absence and will not return to Denison in September.

A cordial invitation is extended to the general public to all services at St. Luke's church tomorrow, July 30. Ninth Sunday after Trinity. Sunday school at 9:30 a. m.; at 10 a. m. morning

and prayer and sermon by the rector, subject, "In Touch With God." Evening prayer and sermon at 7 o'clock, subject, "The Light of Christ." Evening prayer at 8 o'clock p. m.

Rev. A. J. Hawk, pastor of the Methodist church will preach in the morning on "Jewels for His Crown." Union services of the Epworth League and Christian Endeavor in the Methodist church at 8 o'clock p. m. and union services of the churches in the same place at 7 p. m.

Rev. E. D. Barnes, pastor of the Presbyterian church will conduct morning services in that house. Rev. Mr. Kemper will preach in the Baptist church at 10 o'clock tomorrow.

Miss Marie Tibbe, who has been visiting relatives in St. Louis since commencement time, is spending a week or two in Hannibal, Mo., and enjoying the old landmarks immortalized by Mark Twain.

Members of the Travelers club are requested to keep in mind the business meeting Monday afternoon at 5 o'clock. The executive committee will convene at half past two.

Miss Addie Shack and her cousin, Miss Mamie Geach, will start tomorrow for Washington, D. C., where they will visit at the home of Mr. and Mrs. O. H. Burdiss (Shirley Shack) whose marriage occurred here in June.

Prof. Raymond Penco has gone to Columbus where he will join his wife and little daughter for a vacation trip. The ice cream served by the Christian Endeavor on the church lawn this evening, will be cooling and delightful.

The regular meeting of the Town Council will occur on Tuesday evening.

Mrs. W. P. Utman, who has spent the past fortnight visiting friends and relatives in Cleveland and Moravia, arrived home at noon today. She was accompanied by her sister Grace, (Mrs. Charles Stashenko) and little daughter of Philadelphia who will remain in Granville for a week.

GERMAN SHELL FELL AT MESS; AMERICAN HURT

(Associated Press Telegram)

Port-A-Manson, France, July 31.—A German shell fell into the mess room of the hospital American ambulance of Paris while the staff was at dinner today. The missiles entered the floor and burst in the cellar. A French orderly was killed and one American was slightly scratched by the fragments of the shell. The Americans then took quarters further in the rear of the firing line. Their work has been of much value to the French sanitary service and they have received official commendation.

ANNOUNCE STYLE MEN'S COATS FOR WINTER SEASON

(Associated Press Telegram)

New York, July 31.—Men's coats for the winter season will have padded shoulders and snug waists and will be abbreviated, according to the announcement of James McGinley, spokesman for the Style Committee of the Clothing Designers' Association of America, whose annual convention ended here yesterday. McGinley said that the broad lapel and deep collar would be banned this winter. Trousers, he asserted, would be tight.

Special effort will be made by clothing designers to cater to the conservative business man. He does not want college clothes nor young men's clothes, as some manufacturers have been trying to pursue, said Mr. McGinley. "He wants a garment of dignified and manly cut and we intend to give it to him this year."

There are 50,000 postoffices in Germany.

J. P. MORGAN IS RECOVERED FROM BULLET WOUNDS

(Associated Press Telegram)

New York, July 31.—Apparently fully recovered from the effects of the bullet wound inflicted by Erich Hunter, several weeks ago, J. P. Morgan was at his summer home at Glen Cove, Long Island, today, having returned yesterday from a two weeks' cruise on board his steam yacht, The Corsair. "I am feeling fine," said Mr. Morgan to a member of his family, as he stepped ashore and walked toward his home. He was tanned and apparently in good health. It was said at his estate that Mr. Morgan probably would return to his New York office Monday and resume attention to business.

JURY FREES A MAN; TOO BIG FINE FOR CARRYING WHISKY

(Associated Press Telegram)

Charlottesville, Va., July 31.—On the ground that it would be cruel and unusual punishment, in the meaning of the national constitution, the fine a man \$100 and put him in jail for two months for carrying whisky in his pockets, a jury in a magistrate's court here acquitted Andrew Timmon of the charge. The charge was made by the prosecuting attorney to test the law and this was the third jury which had declared the case and expressed that opinion. Under the provisions of the state prohibition law, the act is made an offense, and incurs the same penalty as for other liquor violations. Timmon on the stand admitted having the whisky.

BENJ. F. TRACY SERIOUSLY ILL

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to Aug. 1, 1916.

Profit-Sharing With Retail Buyers

On August 1, 1914, we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914, and August 1, 1915, we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay. Our plan to profit-share with retail purchasers of Ford cars during 1914-15, has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.
